

NOTICE OF STUDY COMPLETION

**MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT STUDY
New Wastewater Forcemain from Fulton Street Pumping Station to
Derry Road and Santa Maria Boulevard in the Town of Milton

Study

Halton Region has completed a comprehensive review of the wastewater servicing strategy for central Milton, including an assessment of the benefits of decommissioning the Milton Wastewater Treatment Plant (WWTP). This review evaluated several alternative servicing strategies that considered environmental, economic, social, legislative and technical impacts. In October 2016, Halton Regional Council approved the preferred option to close the Milton WWTP and divert flow to the Mid-Halton WWTP located in Oakville. To facilitate this preferred option, a second wastewater forcemain (WWFM) from the Fulton Street Wastewater Pumping Station (WWPS) is required.

Halton Region has completed a Municipal Class Environmental Assessment (EA) Study to determine the preferred alignment of the proposed second WWFM from the Fulton WWPS to Derry Road/Santa Maria Boulevard, in the Town of Milton. The Study has been conducted in compliance with 'Schedule B' of the Municipal Class Environmental Assessment document (October 2000, as amended 2007, 2011 and 2015), which is an approved process under the Ontario Environmental Assessment Act.

Process

A Project File Report has been prepared to document the planning, public consultation and decision making process undertaken for this Municipal Class EA Study. By this Notice, the Project File Report is being placed on the public record for a 30-day review period in accordance with the requirements of the Municipal Class EA. Subject to comments received as a result of this Notice and the receipt of necessary approvals, Halton Region intends to proceed with detailed design and construction of phase 1 as documented in the Project File Report and noted in the map. The Project File Report is available for review at the following locations:

Volunteers needed for woodlot cleanup

Milton partners are planning a cleanup of Meighen Woodlot this Saturday, April 28.

The Field and Stream Rescue Team event - at the Thompson Road woodlot, along Louis St. Laurent - will run from 10 a.m. to 2 p.m.

The group is looking for extra assistance from volunteers to support the cleanup. Those interested in pitching in are asked to contact Field and Stream Rescue Team vice-president David Hulsman at fieldandstreamrt@gmail.com.

Town staff continue to seek ways to partner with various organizations and capitalize on opportunities to enhance and protect Milton's network of town-owned green spaces.

The Town of Milton appreciates the continued efforts of the Field and Rescue Team, community volunteers and other partners to help keep Milton's green spaces clean and beautiful.

The Town of Milton reminds residents that dumping garbage is prohibited in town parks, woodlots and green spaces; violators may be subject to a fine under the Provincial Offences Act. Residents are encouraged to report illegal dumping to the town's licensing & enforcement unit.
