5 ways to be prepared for an emergency

During Emergency Preparedness Week, May 6-12, the Town of Milton is reminding residents of the Personal Emergency Preparedness Guide, put together by Halton Region, which outlines easy-to-follow tips to reduce the impact of an emergency

1

BE PREPARED TO COPE FOR 72 HOURS

Residents should be prepared to cope on their own for at least the first 72 hours (three days) of an emergency while rescue workers help those in urgent need.

2

HAVE AN EMERGENCY SURVIVAL KIT HANDY

An emergency survival kit for the home should contain a three-day supply of food and water, flashlight, batteries, crank radio, first-aid kit, matches or a lighter, clothing and blankets. A smaller survival kit for the car should contain battery cables, warning light or flares, blankets, road maps and a first-aid kit.

3

KEEP UP-TO-DATE ON CURRENT CONDITIONS

During emergencies, residents are encouraged to keep up-to-date on current conditions, such as the weather. Smartphones can be kept charged with solar-powered, crank or vehicle phone chargers, and steps can be taken to conserve the battery by reducing screen brightness, using airplane mode and closing applications.

4

WATCH OUT FOR WIRELESS PUBLIC ALERTING ON WIRELESS DEVICES

A new emergency alert system (Alert Ready) came into effect April 6 for sending life-threatening emergency alerts to cellphones and wireless devices that are compatible with wireless public alerting (WPA). Phone compatibility can be checked at www.ontario.ca/alertready.

5

SUBSCRIBE TO EMERGENCY ALERTS VIA TEXT/EMAIL

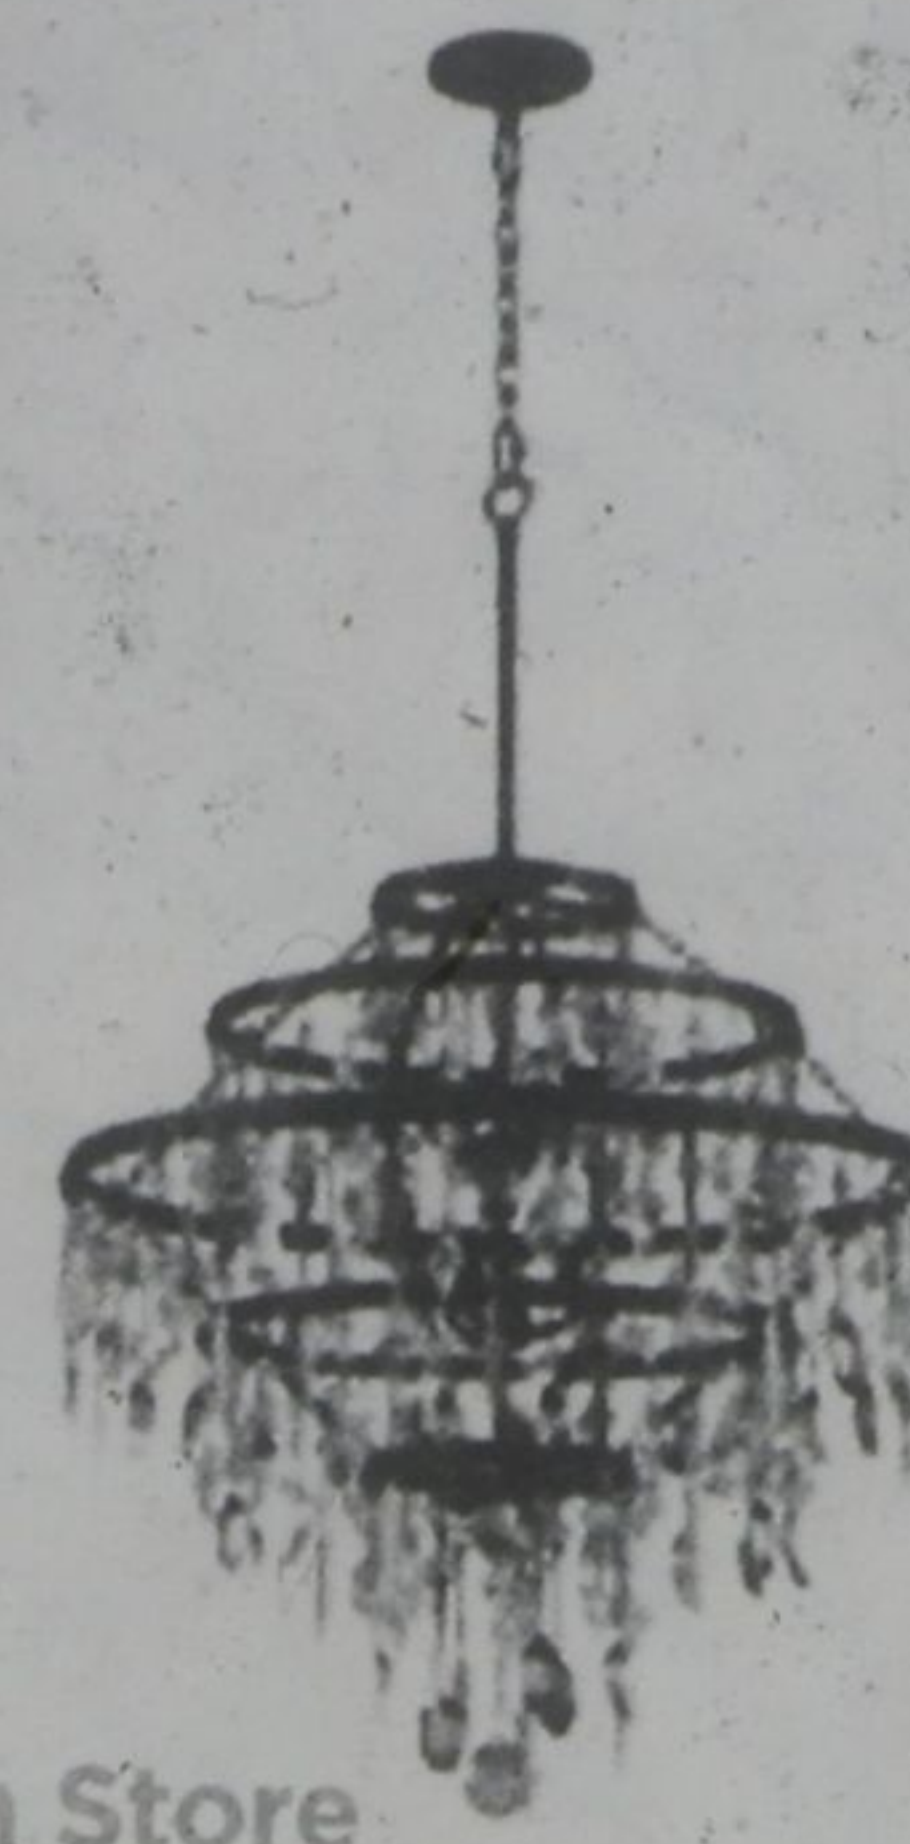

In Ontario, you can also subscribe to receive emergency alerts via SMS (text messaging) and email - visit <http://bit.ly/2rbfaH3>.
