

# Brendan Smyth

"My position on the CN Logistics Hub in Milton is clear. I am personally opposed to this project.

I live in Milton and I care deeply about the safety of our people and the surrounding environment. This project has struck us to the core. I have stood up against the many attacks by the Wynne government concerning trades and safety, and this will be no different. I will join with the already committed men and women involved and step up the great work at Queen's Park.

The Ontario NDP have a strong policy to transfer more power and involvement for our towns and municipalities, and to respect local planning and consultation processes.

If elected as your MPP, I will personally be a strong voice for the community's concerns surrounding this project."

## COMMUNITY

### CLUB HITS IT OUT OF THE PARK WITH DONATION

Terri Twiss photo

Jim Cartwright of the Centennials Hockey Club presents Ryan Twiss with a \$500 donation to boost the Milton Special Olympics softball team - a wonderful surprise and great way to start the season, according to team supporter Terri Twiss.
