## Waterdown to Finch Project

### Community Information Session

Imperial's Sarnia Products Pipeline provides gasoline, diesel and jet fuel for households and businesses across the Greater Toronto and Hamilton Area. To support continued reliability, Imperial plans to replace approximately 63-kilometres of pipeline between Imperial's Waterdown pump station and the company's terminal in Toronto's North York.

Imperial will apply for a Leave to Construct from the Ontario Energy Board in 2019. Imperial wants to share project details and answer questions at our upcoming community information sessions.
