Several thousand residents using myMILTON
Town celebrates first anniversary of mobile app

Since its launch last July, more than 8,500 residents have downloaded the myMILTON app.

Created to provide Miltonians access to local information and services while on the go, the mobile app has seen an average increase of 600 new users each month and over 190 unique visits per day.

"When we set out to develop the app, we looked beyond town services and included functions from other government agencies, putting resident needs first," said Mayor Gord Krantz.

MyMILTON has become a popular tool for users to plan recreational activities, pay parking tickets, report a problem like fallen trees or graffiti or keep up to date on Town of Milton news.

The app also provides efficiencies and streamlines response times by directing resident concerns to the correct staff member quickly.

Most recently — due to public feedback — the town added a parking widget to the mobile app in April, allowing residents to register for a street parking exemption or pay tickets online.

Within one week of this new feature, over 400 new users downloaded myMILTON. The parking widget is now the fourth most-visited feature, accounting for about 9 per cent of monthly traffic since its launch.
