

'80S/'90S CAR AND CULTURE SHOW COMING TO MILTON

It's time to relive the '80s and '90s, Milton.

And who better to make that happen than locally-based Wells Auto Delorean Sales and Restoration, which will host Canada's first '80s and '90s only car and culture show.

Dubbed Oblivion — referring to how most cars from those decades have rusted away and those that survived are quite rare — the event is set for Satur-

day, Aug. 25 at Milton Memorial Arena (77 Thompson Rd.).

Running from noon to 5 p.m., it will feature cars, collectibles, music and other nostalgia.

Organizers are planning to have several '80s and '90s video game stations set up for play on big screens.

Attendees are encouraged to dress in period-correct clothing, while hyper-

colour colour change t-shirts will be sold.

Bringing along your BMX, rollerblades or skateboard is also encouraged, to try out the on-site half pipe.

Food trucks will be on site, while awards will be presented for the best period outfit, best Japanese, European and domestic cars, as well as many other categories.

Admission is free.

OLG MAKES FIRST-QUARTER PAYMENT TO TOWN

Ontario Lottery and Gaming Corporation (OLG) recently issued a first-quarter (April to June, 2018) nontax gaming revenue payment of \$2,174,786 to the Town of Milton for hosting Elements Casino Mohawk.

Since August 1999, Mil-

ton has received more than \$110 million in nontax gaming revenue.

These payments are made under an equitable formula in the Municipality Contribution Agreement that determines the funds municipalities receive for hosting a gaming

facility and are based on a graduated scale of gaming revenue that is consistent across all sites in the province.

At more than \$2 billion annually, OLG provides the Ontario government with its largest source of nontax revenue.
