

## Scott's Car Care helps keep Milton's cars clean

Since 1989 Scott's Car Care has helped Milton keep their cars clean.

Owned and operated by Scott Maclean Howard, the company offers more than 30 years of experience, during which time he's perfected an exclusive detailing system that keeps cars looking new both inside and out.

Environmental pollution, corrosion, and the sun's ultraviolet rays can attack a car's finish, so to protect it, Scott's Car Care and Rustcheck Centre specializes in auto detailing and window tinting.

For those just looking to get a regular cleaning, Scott's also provides a full-service wash, polish, under-body wash, carpet shampoo, tire gloss, and fragrance. Steam cleaning for carpets and seats, as well as Fabric Guard application are other services available.

For customers who are planning to sell their vehicle, Scott's Car Care offers a special pre-sale detailing service at an affordable price.

If you're wanting to do more for your windshield, Scott's is the place to go for repairs. Window tinting is also available, utilizing Sun-Guard Automotive Film. The coating rejects 99 per cent of the sun's

ultraviolet rays and repels heat.

Having opened his business in 1989, Scott did so in Milton because it was the place he called home and he wanted to stay here. Since then he's given back to the community not only through his services, but also by being involved in all types of fundraisers. It's a commitment that's earned him numerous *Milton Champion Readers' Choice Awards* over the years, as well as the Business of the Year award in 2009 from the Milton Chamber of Commerce.

Scott's Car Care is located at 581 Mcgeachie Dr. Unit 1 in Milton.

For more information call 905-875-3367.

## J&D Tire Sales And Service sells all brands of tires

Servicing Milton and area since 1983, J&D Tire Sales And Service is owned and operated by Joe Manchisi, who is dedicated to providing a comprehensive auto service experience with complete customer satisfaction.

As a seller of all brands of tires, J&D Tire is also a dealer of Michelin, B.F. Goodrich and Uniroyal products.

"We have the tire techs with the experience to match and a mechanic with thirty years behind his belt," Manchisi says of his team who offer tire installation – both balancing and repair, batteries and alternators, oil changes, brakes, suspension, tune-ups and check engine light diagnostics. With each set of four new tires, customers will receive a free brake and front-end inspection along with free tire rotations for the lifetime of the tires. "We are committed to providing you the best experience that money can buy," Manchisi claims. "We never forget about our customers," as is evident in the shop's commitment to both the products and service.

The shop also specializes in many

varieties of aftermarket rims, offering you the style you'll want whether it's performance, luxury or truck and off road. "When balancing we use adhesive weights and a pinplate system designed to give a precise balance to aftermarket non-hubcentric rims," the owner explains.

J&D Tire Sales And Service is located at 555 Main St. E. in Milton. Visit [www.jdtire.com](http://www.jdtire.com) for more information or call 905-876-4788 to book an appointment.

## Residential and commercial handyman services aim to please

Handymen Enterprises in Milton offers home and commercial renovations, new installations and repairs, which include work completed by a licensed electrician, licensed plumber, and licensed HVAC contractors, where required due to building codes.

Offering renovation services ranging from kitchens, bathrooms and basements, to decks, painting, preparing to sell, sheds, grab bar installation, small repairs, and anything else a homeowner may need, Handymen Enterprises can get it done.

The business was started by Jim Burns in 2002 as a family business to fill the community need for renovations including those small tasks on a homeowner's list. Burns took the knowledge he already had and expanded on it. This included his involvement in the Ontario Youth Apprenticeship Program (OYAP) where high school students were part of the team. He enjoyed seeing the young people learn the skills for a trade.

With a goal of helping out the community in which they operate, Burns and his team follow a specific business philosophy: "Our job is to work, our aim is to please," Burns explains, going on to say that they strive to

provide the highest quality renovations and repairs for the Milton and the surrounding communities in Halton, Peel, Hamilton and Wellington.

Those goals have been recognized and rewarded over the years, with Handymen Enterprises having been awarded many Readers' Choice awards including painting, renovations and the *Champion's 2017 Readers' Choice platinum award* for best handyman. Burns says he feels "proud to be appreciated by being nominated and chosen. It shows the hard work and dedication to the customer and the work, and how I take pride in being a professional in the field."
