

TRANSIT SERVICE ENHANCEMENTS TAKE EFFECT

Milton Transit is on the move with service changes, which took effect Tuesday.

Improvements include a new route, expanded number of trips to the Highway 401 industrial area and service modifications to evening GO drop-off service.

The new 10 Farmstead route will provide service to the Wilmott and Ford neighbourhoods, offering 60-minute service frequency.

This route will connect to four Toronto-bound GO trains in the morning and four homebound GO Trains in the evening.

An additional trip has been added to route 1A Industrial, departing from the Milton GO Station at 5:40 p.m., to meet more employment shift times.

There is also a service area change for the evening GO Drop-Off Service. The 30 West zone and 31 Central zone routes have been combined for the 5:58

p.m. trip leaving the Milton GO Station, with one bus servicing both zones. The 6:28 p.m. and the 6:58 p.m. trips continue with dedicated flex route service to each of the three zones respectively.

"Expanding service means providing greater accessibility for our residents," said Milton Mayor Gord Krantz.

"These new and extended routes will provide our citizens more opportunities to travel and connect to work and leisure destinations in Milton."

With more service hours, Milton Transit encourages riders to consider the added value of monthly passes offering unlimited rides.

With GO station parking often at capacity, Milton Transit reminds Greater Toronto Area commuters about the significant savings with the GO Transit Fare Integration Program. Passengers connecting with GO Tran-

sit services at the Milton GO Station can pay a discounted 75 cents cash fare on Milton Transit. A GO Transfer Monthly Pass can be purchased for \$30, unlimited GO Transit connections for the month indicated on the face of the pass.

A valid Presto card, GO pass or GO ticket is required and must be shown to the operator upon boarding Milton Transit.

Regular GO Transit fares apply for all GO Transit service.

Milton Transit second quarter ridership increased by 11 per cent this year, compared to the same period last year.

The fall Ride Guides are available soon at ticket agents, and on-board all buses with updated schedules, new route colours and a new look.

Visit www.miltontransit.ca for updated information about routes, schedules, interactive maps and rider alerts.

Notice of Temporary Road Closure

Main Street West (between CN Rail and Bronte Street)

The Town of Milton, in conjunction with Graham Bros. Construction Ltd., will be closing the western leg of the Main Street West and Bronte Street intersection to facilitate construction within the intersection. In order to expedite this work, Main Street West, between CN Rail and Bronte Street will be closed to traffic. Traffic will be detoured via Bronte Street, Tremaine Road and Derry Road.

Friday, Sept. 14, 2018 at 9:00 pm to Monday, Sept. 17, 2018 at 5:00 am

The schedule is subject to change due to weather and construction scheduling. For updates, visit www.milton.ca/Roads and the Town's Facebook and Twitter feeds.
