**I WONDER... ARE SMILES STILL FREE?**

Remember when Smiles were advertised as a menu item at McDonalds? They were free. The fast-food giant understood the value of the little thing. Small acorns grow into massive oak trees. Millions of minuscule raindrops make up huge storms. Tiny mosquitos kill more people than wild animals do. And in our every day lives, little things can make a big difference. • A warm smile • A simple "thank you" • A random act of kindness • A note of encouragement • A short prayer Each of these things can change the world and make it a better place. Both giver and receiver are blessed. Don't waste your life. Embrace the little things that you can do and begin to do them with kindness and love. You will make this world a better place. Learn more - visit a local place of worship this week. Meeting times and locations are published in the Religious Directory to help you.
