**BE THANKFUL AND GO FOR IT**

You can't pick a rose without risking being pricked by its thorns - but a rose is worth the risk.

You can't get honey without risking being stung by bees - but honey is worth it.

You can't taste victory without risking the disappointment of losing - but the challenge is still worth it.

You can't have a successful business without the risk of it not working - but giving it a try is still worth it.

You can't love someone without the risk of rejection - but loving and being loved is so worth it.

What do you need to risk today? And what thorns do you need to work past to get to your goals? Be thankful for each opportunity that comes your way and go for it!

Learn more - visit a local place of worship this week. Meeting times and locations are published in the Religious Directory to help you.
