Belonging at any age

Seniors are the fastest-growing age group in Ontario

Age-friendly communities provide structures and services that promote access, civic engagement and overall quality of life for seniors:

- Enjoyable, accessible buildings and public spaces
- Affordable, accessible public transportation
- Affordable, suitably designed housing
- Health and community support services
- Well-maintained roads and walkways
- Social, volunteering and employment opportunities

Make your community a safer, healthier and more welcoming environment for older residents. Support an age-friendly candidate on October 22, and speak up at vibrantvoices.ca today.

Vibrant Voices is a community-based political advocacy campaign by the Retired Teachers of Ontario, in partnership with the National Association of Federal Retirees, calling on officials at all levels of government to take legislative action for Ontario's seniors.
