TOWN'S WINTER WEATHER PREP WORK UNDERWAY

Winter is right around the corner, which means a busy time for the Town of Milton's public works department.

Preparations are underway for the start of winter weather conditions, including stocking salt, sand and brine, preparing equipment and installing snow fences in open areas.

Crews are reacquainting themselves with equipment, road maintenance routes and procedures. The necessary equipment inspections and operations coordination is underway, and will continue throughout the fall/winter season.

"Our staff are working together to continually improve our response to winter storm events," said Town of Milton Director of Operations Jim Cartwright.

wright.

"We are ready to face the challenge of the coming winter season, and remind residents to allow the plow for safe and efficient operations."

In the event of a winter storm, please assist your neighbours and the town by avoiding on-street parking, to ensure safe and efficient snow clearing operations. All property owners are reminded of their responsibility to clear the sidewalks fronting or abutting their property of snow and ice.

The Town of Milton is committed to clearing

snow and ice from all roads as soon as possible. Main roads receive the highest priority, followed by neighbourhood streets.

Residents can stay in the know about snow-related situations by visiting www.milton.ca/snow and following Twitter at @TownOfMilton.

Miltonians are reminded to allow 24 hours after the snow stops falling before contacting the town about concerns.

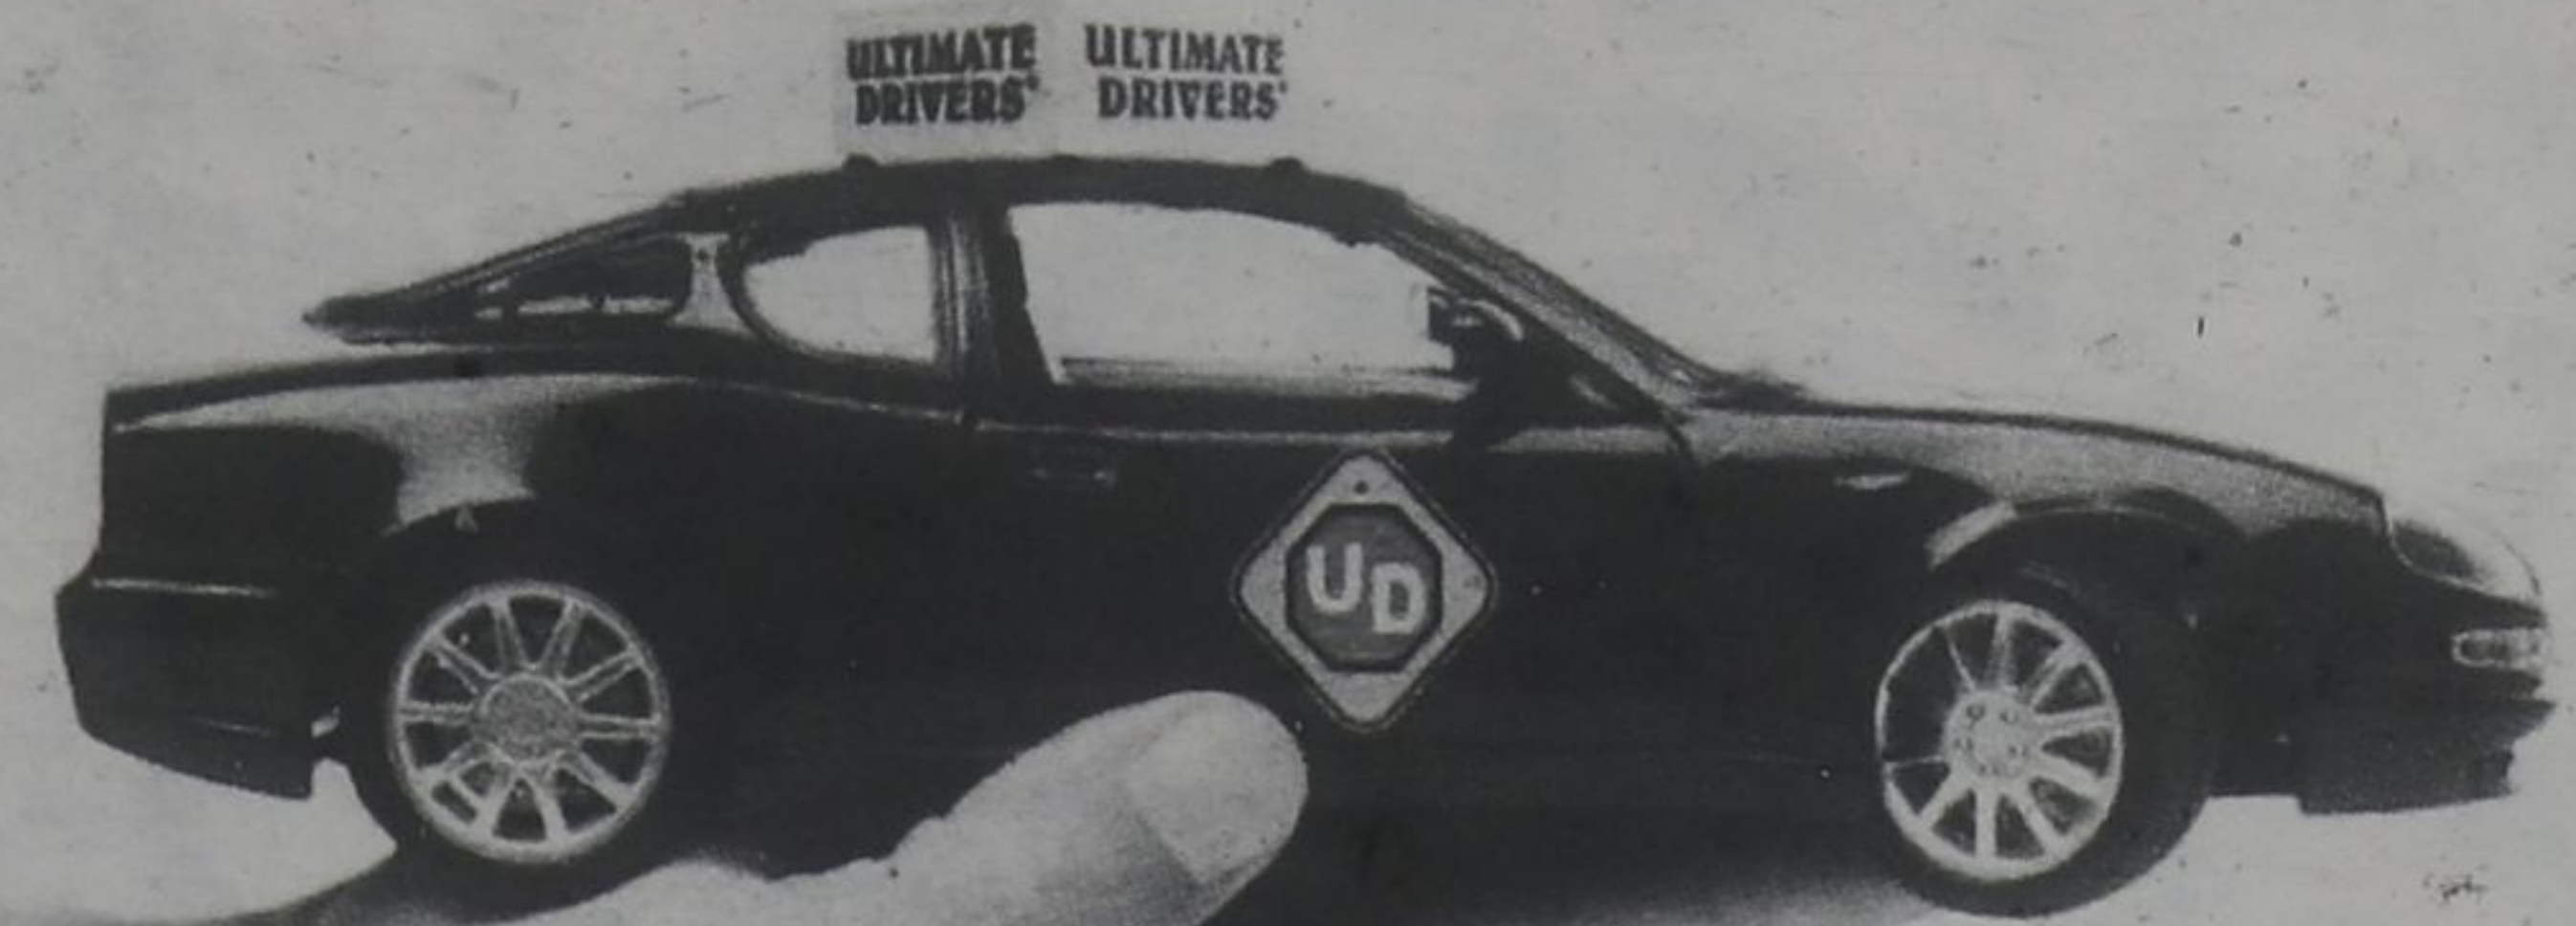

Please report a problem on the myMILTON mobile app (www.milton.ca/mymilton) or call 905-878-7252 ext. 2500.
