

## Our Holiday Wish List

We have a long list of equipment on our holiday list this year, this is just a few of them. It is only through the support of the Milton community that we can fund these priorities.

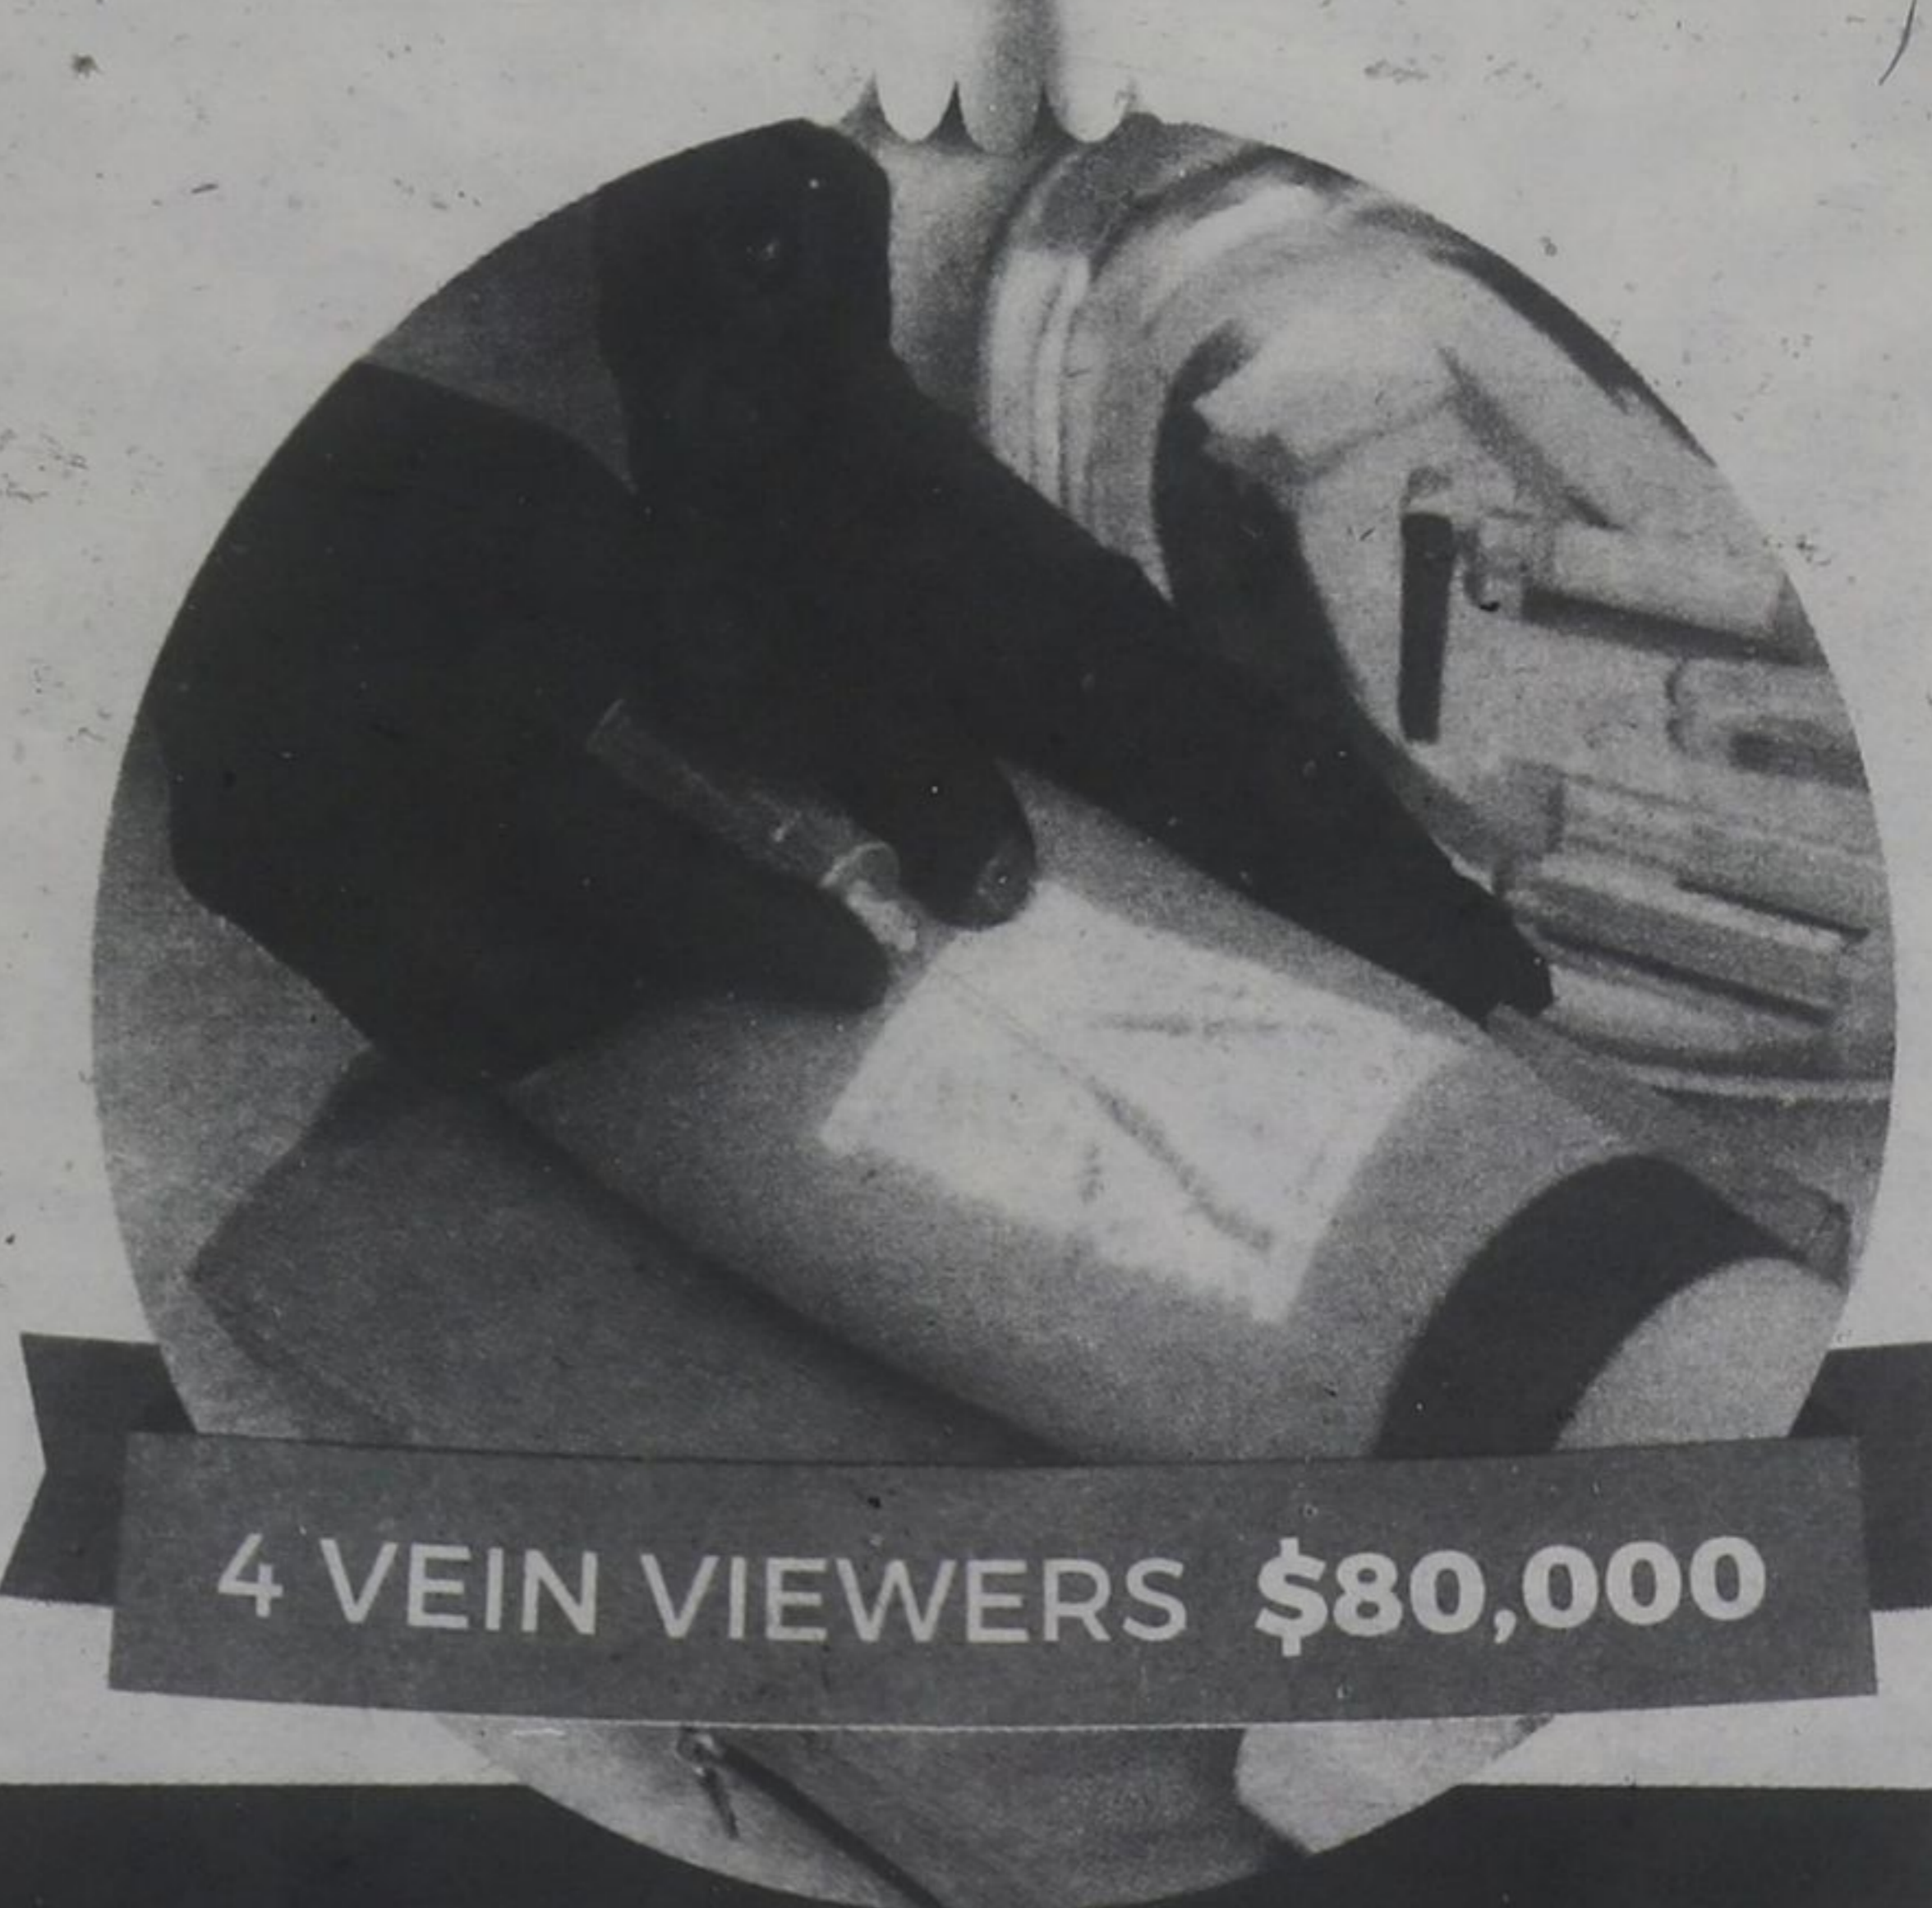

PORTABLE ULTRASOUND \$53,000

9 CYSTOSCOPE SETS \$62,000

DEFIBRILLATOR \$23,500

4 VEIN VIEWERS \$80,000

### In this season of giving,

please consider supporting the Milton District Hospital Foundation in any way that you can. It is only through the philanthropy of our community that our Hospital will be able to invest in technology that detects illnesses earlier, reduces recovery times, and improves the patient experience.

## Did You Know...

It may surprise you to know that **government funding does not support equipment purchases.** That means virtually all equipment required for our hospital must be funded through donations from our generous community. The Milton District Hospital Foundation works with the community to raise funds for equipment needed at Milton District Hospital.
