WHAT'S GOING ON HERE?

STREET SWEEPERS RECYCLING SAND

Milton street sweepers save \$21,000 by recycling sand. Milton Road Operations crews conduct annual spring street sweeping to clean Milton streets of sand and other debris caused by winter control.

JUST THE FACTS

- Town staff collects sand from the roads, screen it, then store it over the summer to reuse in the winter
- in 2018, crews collected more than 3,000 tonnes of street sweepings and were able to reuse 1,500 tonnes.
- recycling the sand saves approximately \$21,000 and helps prepare for winter road conditions
- this is environmentally responsible as it eliminates the need for the delivery of new sand

Town of Milton photo

- spring sweeping takes approximately 10 weeks to complete
- After the initial spring sweeping is complete, crews perform routine street sweeping to remove debris from streets and curb lanes. Cycle lane sweeping is a priority in the spring and is also scheduled throughout the year.

About The Royal Canadian Legion Branch #136

Branch 136 was chartered May 21, 1929. In 1939, the Legion bought 21 Charles St. During WWII, the branch provided assistance to service personnel and their families living in Milton. Over the past 90 years, Branch 136 has been an integral part of our town, contributing millions of dollars, and hundreds of thousands of volunteer hours, to help make Milton, our Town, a better place. Membership is open to all Canadian citizens of good character, who believe and support the purposes and objectives of the Legion.
