LEGION INVITES COMMUNITY TO CELEBRATE ITS 90TH ANNIVERSARY

FESTIVITIES INCLUDE FISH FRY, DINNER, MUSIC AND CENOTAPH SERVICE

BAMBANG SADEWO
bsadewo@metroland.com

The Royal Canadian Legion Branch 136 in Milton is celebrating its 90th anniversary, and it's inviting the community to join the three-day celebration this weekend.

"This is an opportunity for the public to come out and see what the legion is all about. It is the legion's way of saying thank you to the great community of Milton for all their support," said Coun. Sameera Ali, public relations offi-

cer of the local legion.

The festivities begin on Friday, May 24, from 4 p.m. to 7 p.m.

"We have a great fish fry that day, because it's one of our most famous and popular events," Ali said, adding that people who are interested in attending can also preorder by calling the legion at 905-878-9005.

The Friday event also features "great music" courtesy of DJ Rob Hewlett.

The celebration continues throughout Saturday, May 25, with a special dinner with the Fiddlestix taking place at 7 p.m.

"(Fiddlestix) is a very famous band here in the Halton region.

"The ticket price is \$25

per person and it includes your dinner and the concert," she said.

Concluding the 90th anniversary celebration on Sunday, May 26 is the parade to cenotaph at Victoria Park, next to Milton town hall — the parade kicks off at 1:30 p.m. at the legion.

Ali encourages community members to join the celebration, as well as to check out the museum on the legion.

"Come out and support the veterans. They need all the help they can get," she said.

The Royal Canadian Legion Branch 136 is located at 21 Charles St.; for more information, go to facebook.com/legion-branch136milton.

Retirees Among Those To Benefit From New Hearing Aid

Try newly released hearing aids ideal for the modern lifestyle:
full surround sound, plenty of power, & no more feedback! †

Just weeks ago, a brand new hearing aid line was released to the public and it's transforming the hearing experience for its wearers.

Most hearing aids deal with background noise using directional microphones that focus only right in front of you—like blinders for your ears. No more! These new hearing aids process signals so exceptionally fast, they handle sound from all directions—greatly improving your ability to hear and comprehend speech, even in noisy environments.

Most hearing aids have to reduce gain (amplification strength) to avoid causing

feedback. Not these! These new hearing aids eliminate obnoxious screeching and whistling before it even starts—while maintaining necessary gain.

Connecting to your modern lifestyle is easy! Make hands-free calls from your smartphone, or stream audio from your phone, stereo, TV, or other Bluetooth® enabled devices. These can even be purchased with a rechargeable lithium-ion battery option.

Yes, the future of hearing is here and it sounds better than ever. **Call now to try these hearing aids for yourself!**
