

SUBARU TRIATHLON SERIES
presented by Jordan

ROAD USE NOTICE TO RESIDENTS OF MILTON!

The annual Milton Triathlon is being held on **Sunday, June 2** and will be based out of Kelso Conservation Area. The bike route of the race will be using local roads, with the following being closed to non-residents:

8:30am to 11:30am - Campbellville Road from Appleby Line to Tremaine Road

8:30am to 11:30am - 6th Line from 15 Side Road to Campbellville Road

8:30am to 12:00pm - Tremaine Rd from Campbellville Rd to Kelso Rd

Please use the detours that follow Appleby Line, Steeles Ave W and RR#25 as the best alternative routes to avoid this area. We appreciate your patience! For any additional information, please contact info@trisportcanada.com.

MEMORIAL TREK

Graham Paine/Torstar

Liz Thompson (left) lays flowers in memory of Derek Johne, who died in custody at Maplehurst in June 2017, as Annmarie Bethel prepares to do so at the cross for Shawn Spaulding (died in custody in March 2019). This was done Monday during Lynn's Walk, a walk by Lynn Pigeau and friends/supporters from London to Toronto. The five-day is to raise awareness and remember loved ones who've died in correctional institutions. Lynn's brother died inside London's Elgin-Middlesex Detention Centre.

Retirees Among Those To Benefit From New Hearing Aid

Try newly released hearing aids ideal for the modern lifestyle: full surround sound, plenty of power, & no more feedback! †

Just weeks ago, a brand new hearing aid line was released to the public and it's transforming the hearing experience for its wearers.

Most hearing aids deal with background noise using directional microphones that focus only right in front of you—like blinders for your ears. No more! These new hearing aids process signals so exceptionally fast, they handle sound from all directions—greatly improving your ability to hear and comprehend speech, even in noisy environments.

Most hearing aids have to reduce gain (amplification strength) to avoid causing

feedback. Not these! These new hearing aids eliminate obnoxious screeching and whistling before it even starts—while maintaining necessary gain.

Connecting to your modern lifestyle is easy! Make hands-free calls from your smartphone, or stream audio from your phone, stereo, TV, or other Bluetooth® enabled devices. These can even be purchased with a rechargeable lithium-ion battery option.

Yes, the future of hearing is here and it sounds better than ever. **Call now to try these hearing aids for yourself!**

Call or book online:
