

MILTON STRAWBERRY FAIR

Graham Paine photos/Torstar

The Milton District Hospital Auxiliary's 39th annual Milton Strawberry Fair enjoyed favourable weather and huge crowds at the fairgrounds Saturday. From left, Alex Wail, 8, has fun sliding down one of the giant inflatable slides. Casey Gardner has some fun with her 22-month-old daughter Riley as they share a bowl of strawberries and ice cream. Singer Manny Maliksi performs for the crowd.

Retirees Among Those To Benefit From New Hearing Aid

Try newly released hearing aids ideal for the modern lifestyle: full surround sound, plenty of power, & no more feedback!

Just weeks ago, a brand new hearing aid line was released to the public and it's transforming the hearing experience for its wearers.

Most hearing aids deal with background noise using directional microphones that focus only right in front of you—like blinders for your ears. No more! These new hearing aids process signals so exceptionally fast, they handle sound from all directions—greatly improving your ability to hear and comprehend speech, even in noisy environments.

Most hearing aids have to reduce gain (amplification strength) to avoid causing

feedback. Not these! These new hearing aids eliminate obnoxious screeching and whistling before it even starts—while maintaining necessary gain.

Connecting to your modern lifestyle is easy! Make hands-free calls from your smartphone, or stream audio from your phone, stereo, TV, or other Bluetooth® enabled devices. These can even be purchased with a rechargeable lithium-ion battery option.

Yes, the future of hearing is here and it sounds better than ever. **Call now to try these hearing aids for yourself!**
