AND TO SELL THE SAME AT NEW YORK CITY PRICES! The Singer Machines have been before the public for many years and have gained for themselves the reputation of being the

BEST & MOST RELIABLE MACHINES EVER MADE! Which statement will be endorsed by nine hundred and ninety-nine of every thousand who have had them in use. We would invite especial attention and inspection of the SINGER LETTER A MACHINE, which for family use, is as much superior to all

others made for that class of work, as the genuine Singer IMPERIAL No. 2 is to all thers for heavy work. The subscribers would also invite the attention of Harness Makers and Carriage delivery. Trimmers to SINGER'S HEAVY IMPERIAL No. 3 MACHINES, which must be seen to be appreciated.

For the information of those who have no practical knowledge of the Genuine Singer Machines, we would say, they use a straight needle and make the interlocked stitch, which is the same on both sides of the fabric and will not rip or ravel out like the chain or knitting stitch, but when properly done will make a seam much stronger and more beautiful than can be done by hand. Please call and examine the Genuine Singer Machines before purchasing any other.
