For the Legislature of Ontario:

The Canadian Champion

PRESENT PEACE.

MILTON, MAY. 16, 1867.

entirely at an end.

The substance of the Treaty is as fol lows :- The Duchy of Luxemburg remains under the rule of the King of Holland, but is declared neutral, and its neutralization is guaranteed by the Great Powers; the fortress of Luxemburg is to be evacuated within a month by the Prussian garrison, and then razed to the ground; and no troops are allowed within the territory of Luxemburg except such as may be necessary to maintain order - simple, effective and satisfactory solution of what only a few weeks ago threatened to be a most

alarming complication. But the danger is only staved off for a time, sooner or later these two comtheir armaments, shot and shell, and Although the French Moniteur officially of the debt says:announced that France had put a stop able, for should Prussia succeed in conlast year she demanded some German \$25,277,347, and \$45,119,741. towns, and this year she tries to purready to march into Germany. Ger- way. many, on the other hand, 550,000 men ready to march without delay into France, and in addition to these she would have at least 200,000 men in garrison and 200,000 in depot, on whom she could draw at any time for reinforcements Both armies are believed to excellent arms; but, while only one-

the needle gun We still adhere to the opinion that an immediate war between France and Prussia is not probable. But, on the other hand, it is even more probable that the London Conference will be entirely unable to dispose of the Luxto both Prussia and France, and to remove the cause of conflict between these two Powers.

Bryan's Pulmonic Wafers have proved

The Cost of Annexation.
