DODCE'S LATEST IMPROVED PATTERN ? They would direct particular attention to their

IMPROVED HAMMERED STEEL BAR! They are using this season an Improved ROUND GUARD with FLUTED CENTRE, Laid with Steel, which all who have inspected it acknowledge to be a decided improvement, as it will do its work much easier than any Square Faced Guard, & from its strength less liable to breakage. They are using the 3-inch American Section, which adds to draught of the Machine. Several farmers of the neighborhood have decided to have the Improved Guard put unto their old Bars.

Is also displayed on the machine, which requires but to be seen to be appreciated.—
The Wood Material is all of the best quality, and thoroughly seasoned

The Improved Geared Thrasher!

All who use this Plough unite in giving a high testimony to its merits. Manufactured with Wrought or Cast Share. All manner of JOBBING in their line done promptly and on reasonable terms.
