NAPOLEON WEEPING.—The unfortunate exile who has seen the end of his Imperial greatness, wept when he found himself so mercifully dealt with by his antagonist and captor, King William of Prussia. History seldom chronicles such leniency on the part of a conqueror. Not so in medicine, for the Great Shoshonees Remedy and Pills have no respect for any reigning disease in the human body, for this combined medicine roots out completely all acute and chronic maladies, and converts the system into a sound tabernacle for humanity to live in.

Acontemporarythus discourses of the "mysterious Livingstone:" "He is alive and well in the country west of Tanganyika. OURE OF BRONCHITIS. SMITHFIELD J. C. CHAMBERLAIN, Esq. - This is to certify that about three years ago I became afflicted with Bronchitis, which lasted about eighteen months. I was so afflicted for the want of breath that it was very difficult for me to speak, and in the night time frequently throwing the clothes off and raising in the bed to keep from strangling. I tried three of the most eminent physicians in the County of Northumberland for about a year without receiving any benefit. In fact I continued getting worse all the time. At last I was advised to try the Great Shoshonees Remedy. I bought a bottle and took it, and when it was finished I began to feel a little better. Hysterics, and Whites, these Pills will effect continued to use it until I had taken three to my illness, and have been so ever since.

As a last resort, I purchased a bottle of the Great Shoshenees Remedy. At the expiration of two days her symptoms were decidedly better. She continued to improve so rapidly that by the time she had taken one bottle she was able to sit up. By the continuance of the remedy she was perfectly restored to health.
