MANUFACTUREP OF THE

IMPROVED BALL'S OHIO,

Buckeye Mower and Reaper,

WITH PODGE'S SELF-RAKE.

DARTIES intending to purchase this year will do well to call early and examine the new and useful improvements to my machines, particularly the improved arrangement for raising and lowering the grain wheel, which will not be found on any other machine, as there is a patent for the sune. Both the Ball's Ohio and the Ball Buckeye are made with two separate bars, giving two widths of cut, one for prowing and the other for reaping; which is considered by competent judges to be the only way to make a perfect co nbined machine. Machines on this principle were awarded all of the prizes at the different trials and exhibitions held last, fall; part of them being awarded Out! the different trials and exhibitions neid last, lan; part of them oche a value to me, one at Guelph, where there was the largest competition ever before held in the Province, and the first prize at Hafton Fall Show. Descriptive catalogue with a cut representing the sectional parts of the machine sent free
