I take pleasure in offering these instruments upon better terms than have before been itted to the public. R. S. WILLIAMS' make of Instruments have stood the test of so many years, are so well known both for durability and quality of tone, and have been awarded so many FIRST PRIZES at the various Provincial Exhibitions, that comment on their superiority is hardly necessary. I offer the greatest facilities for the purchase of Pianos (of the best makers, only.) Not being under expense for rent, and not having to pay "runners" or "sub-agents," but preferring rather to give my business publicity by a liberal use of printers' ink, the outlay attending which is small when compared with the former methods, I am consequently in a position to allow purchasers A DISCOUNT OF TEN PER CENT. for their trouble in calling and selecting for themselves.
