RESPECTED MISS, -We the members of St. George's Church, Lowville, having had the pleasure of being led by you in that delightful part of public worship, in which we lift up our hearts and voices in grateful praise to the Triune God, and having observed your efficiency as Organist, and readiness at all times to meet the choir for practice, and render what assistance lay in your power to promote and encourage church music and singing, take this opportunity o testifying our appreciation of your valuable services by presenting you with and esteem. REPLY. To the Church Wardens of St. George's Church, Lowville.

DEAR SIRS .- I beg leave to thank you with very sincere gratitude for the address and the accompanying valuable EXTRACR present which you have presented to me on behalf of a number of my Christian friends of St. George's Church, Lowville. It is a great pleasure to me, and always will be, to assist as far as I am able in the service of the Church. Next to the approval of God and the satisfaction of my own conscience, I prize highly the testimony of my friends, and in the evidence now furnished of your attachment and love, I find more than compensation for my past services. I feel that the utmost I can say will very inadequately express my sense of obligation for the kindly manner in which you have spoken of me, and for the handsome testimonial which you have presented to me. Accept this very feeble expression

GENTLEMEN, -With reference to the certificate of contradiction addressed to the Editor of the CHAMPION on the 30th ult.. we would say that we were imposed upon by Joseph Brothers. He led us to believe that we were sihning a certificate to the effect that we had not authorized Hugh McDonald to put the testimonial in the CHAMPION. We did not mean, to say that the testimonial given you in Cotober last was false, for every word f it was true.

I take pleasure in offering these instruments upon better terms than have before been submitted to the public. R. S. WILLIAMS' make of Instruments have stood the test of so many years, are so well known both for durability and quality of tone, and have been awarded so many FIRST PRIZES at the various Provincial Exhibitions, that comment on their superiority is hardly necessary. I offer the greatest facilities for the purchase of Pianos (of the best makers, only.) Not being under expense for rent, and not having to pay "runners" or "sub-agents," but preferring rather to give my business publicity by a liberal use of printers' ink, the outlay strending which is small when compared with the former methods, am consequently in a position to allow purchaser A DISCOUNT OF TEN PER CENT for five years.
