gurated a new era of progress. The hoary traditions and superstitions of their ancestors were apparently doomed to yield to the enterprising spirit. of the age, and "Young Japan" came forward the latest developments the nineteenth century. Hopes were confidently indulged that the iso was to give way to close and amicable intercourse with the civilized world. Ambassadors were shut to several European courts as well as to America. and numbers of youths of both sexes were sent abroad to be educated in all G Coyne. the learning of the West. Suddenly we learn that a great reaction has take en place in the island empire, the old- foal, W Coote, 2nd W Bumby. er men have obtained power again their antiquated ideas in the ascendants and the progress in civilization and CLASS 2 .- GENERAL PURPORSES. to be regretted that this has occurred Marlatt. may delay temporarily the advent of a higher civilization than the Japan's Burger a short time prolong the reign of with the lessons of history will doubt 3rd J Bigger. that in the end the cause of progress. and reform will triumph over that of retrogression and unreasonable conservatim. not only in Japan but in every part of the habitable world.

## A THREATENED FAKINE.

The accounts of the faild to of the potato crop in Great Britain and Ireland indicate that the poor will suffer severely during the approaching Rot and the potato bug have destroyed the greater part of the Buck. crop, and the supply will be far less than the absolute requirements of the people demand, so that famine with all its attendant horrors is threatened. ] Already the cry of distress has been S. Bowbier, raised, and appeals made to more forest countries to nelp the unform Heifer of any age W S Bowbier 2nd 2nd J Kelly. timate.
