unscrupulous statement, "But things do not appear to be so harmonious as they would have us think." What they would have us think." What does he mean by "things," or who tried to make him think either one way or another, and who is concerned about the current of his thoughts? It is palpable to all who read the article to which Mr. F. essays to reply, that its which Mr. F. essays to reply, that its object was to correct an assertion which he made on a public occasion, and that he made the assertion which that article attributes to him, there is an abundance of proof. But we will now say, though not before, that there is unity palatable in my next epistle. of action and a degree of courtesy prevailing in said lodge that compare favorably with those of any organization of the kind in this county. This statement is based on personal knowledge of facts, but his must be based on a disposition to malign and slander without debate, own crude views, and yet he proclaims | Guardian l not hold myself responsible for the wields the editorial pen, the impartise conduct of others." Who in the name judgment he has displayed in b of common sense said he did? Under editorial management and the success what hallucination does he labor? which has attended the Guardian while
