SUBSTITUTES

The public are cautioned against a custom which

s growing quite common of late among a certain class

of medicine dealers, and which is this: When asked for

bottle of Pain-Killer, they suddenly discover that

they are "sold out." "but have another article just as

good, if not better," which they will supply at the same

price. The object of this deception is transparent. These

substitutes are made up to sell on the great reputation o

the Rain-Killer; and being compounded of the vilest

and cheapest drugs, are bought by the dealer at about

half what he pays for the genuine Pain-Killer, which

enables him therefore to realize a few cents more profit
