"That American Girl."

Lady Wilde has written a long article things : - 'The English,' so say our transatlantic cousins, 'speak nicely and pronounce clearly, but they do not know how to converse; they have no fluency, quite infelicitous in smooth transactions. The girls are dull, diffident, and mono tonous; with their pale eyes, pale hair, and sealskin jackets, one might gather a thousand, or fifty thousand, of them together and they would all be found precisely alike. The American woman, on the contrary, disdains this colourless assertive self-manifestation.

uniformity, revolts against social usages that would limit her bold originality and proud, conscious, strong-souled, and selfreliant. 'I'm an American girl' is answer! enough to any timid old world bigot, used around the cylinder, valve, piston-rod That phrase expresses at once dignity. courage, self-respect, and the independ ence of the emancipated republican. The English girl, in one of the novels, utters her little harmless platitudes in a tures on a rainy day-and it rains so attention. She accentuates all she says ceived. but with the large, truthful eyes of child- ponding degree. hood-the eager, enquiring glance of a candid nature. Truth is in all her words. This Puritan virtue has indeed remained an heirloom in the American family. They have none of the subtle evasion and graceful mendicities of high life in Europe -- the delicate flatteries, so charm- | Lady Haliburton recently lectured at a ing and so false. These are stamped out conversazione of the London literary and time alone. at once by the frank, fearless candour of artistic society, held at the St. James' expression of the actual, and the glare of urged that by the present mode of dress and I'll be hanged if he hasn't got it ! an unshadowed truth makes one nervous. the true lines of nature were not only Where's the chief of police?' But the Americans have no mercy. followed but were actually reversed. Nature meant them for a nation of Any observer of animal life must have interviewers.
