"I don't know where I shall be, but I ald covet any wound that would ag you to my side as nurse." She thought a few moments, and then ad resolutely, "I will keep as near ou as I can. I ask no pay for my serargeon in charge; but I do not see why, if I pay my own way, I cannot come and go as I think I can be the most use-

Perhaps you could, to a certain exat, if you had a permit," said Graham aghtfully; "but I think you could aplish more by remaining in one cal and acquiring skill by regular It would be a source of indesribable anxiety to me to think of your tere you are, I can find you and write

I will do just what you wish," she "I wish for only what is best for

I know that. It would be strange if I did not." Mrs. Mayburn was not long in convincing the major that her plan might e the means of incalculable benefit to Grace as well as to others. He, as well as herself and Graham, had seen with seep anxiety that Grace was giving way o a fever of unrest; and he acquiesced the view that it might better run its surse in wholesome and useful activity,

reconcile her to her own sorrow. Graham, however, took the precaution calling on Dr. Markham, who, to his , heartily approved of the measure. e point Graham was firm. He ad not permit her to go to a hospital field, liable to vicissitudes from en movements of the contending . He found one for her, however, which she would have ample scope

His face grew stern rather than ten-

Graham's wound at last was well-nigh who is not in your ward—one who will
