THE CANADIAN CHAMPION
MILTON, JAN. 8, 1891.

AT the last meeting of the County Council of Gray an important report from the railway committee was presented and adopted. The report set forth that since confederation about $21,000,000 had been spent by the province of Ontario in aid of railways, and of that sum about $18,000,000 had been raised by taxation in local municipalities. The railways so constructed had been taken over by the Dominion and declared to be for the general advantage of Canada as a whole. Similar railroads in the province of Quebec, constructed largely by municipal bonuses had been similarly taken over by the Dominion government, but had been paid for to the extent of several millions of dollars. The principle of recoupment had thus been established, and the Committee recommended that they should be authorized, in view of the approaching session of the Dominion parliament, to take all necessary steps to press the claims of their own county for recoupment and to secure the co-operation of all other municipalities in the province having similar claims, securing first, if desirable, the assembling of a convention at some central point, and second, a monster deputation to parliament. There should be no difficulty about carrying out the recommendations of the committee, and if all the municipalities interested co-operate a deputation will go to Ottawa so formidable that the Government will hardly venture to ignore its claims. The county of Halton and all the minor municipalities within its limits, except Acton and Oakville, are interested, and among them should send a respectable contingent to the proposed convention and to Ottawa.

The Municipal Elections.

The following is the result of last Monday's elections in Halton as far as returns have been received :—

THE POULTRY SHOW.

The third annual exhibition of the Milton Poultry & Pet Stock Association came off at the town hall last week, and was if anything a greater success than the preceding ones, which is saying a good deal. There were no less than 629 entries. There were exhibitors from many distant points, including Guelph, Shakespeare, New Hamburgh, Barrie, Hamilton, St. Catharines and Galt, and the birds shown were extra good, as can be seen from the scores given in the prize list. The brown leghorn exhibit was particularly full and good. The judges were Messrs. Sharp Butterfield, of Detroit, Mich., and T. H. Smelt, of Woodstock, and their decisions gave general satisfaction. Outside prize-winners all received their money on the last day of the show and all were well pleased with the hall and coops and the arrangements made for their convenience by Sec. M. E. Mitchell, to whom a large share of the credit for the success of the show is due. Before the exhibition closed ex-Sec. John Dewar was presented with a gold-headed cane for his efficient services while in office. The following is the prize list :—

ITEMS.

Port Arthur has carried a $75,000 bonus by-law for an electric railway from that town to Fort William.

Arrangements are about completed for the acquisition by an English syndicate of the principal flour mills in Canada.

Mr. Wm. Weld, proprietor The Farmer's Advocate, was accidentally drowned at his home near London on Saturday.

Judgment in the Hamilton election trial has been postponed until the 17th inst. There has been no disagreement between the judges as erroniously reported by the Toronto *World*.

In the United States Senate Mr. Carlisle introduced a resolution providing for the appointment of commissioners to inquire into the trade relations between Canada and the United States.

The abandoned farms in Maine reported to the labor commissioner number 3,310, or an average of about 6¾ for every township reported on. Prohibition and prosperity do not seem to go hand in hand.

Our January Clearance.

We're awfully in earnest over this January Clearance. We're determined to get all winter goods, turned into money. You'll scarcely believe some of the prices we're quoting for goods, consequently we would rather not quote prices at all in the newspapers. It is the custom nowadays with many merchants to sell goods at ridiculously low prices—in the newspapers. Forty-five years of honest effort to profess no more than we can really do has made "The Mammoth" what it is to-day, "Toronto's Leading Dry-Goods, Mantle and Clothing House.

The Hosiery and Glove Departments, in front of you as you enter the store, offer some really remarkable bargains. The special line of 50c Ladies' Lined Kid Gloves really, worth double (odd sizes and in quantities), is almost half gone. Ladies' All wool Hose, 11c per pair. We'll not say what they're worth. See them. Very Fine Black Cashmere Hose, plain and ribbed, 3 pairs for $1.

In the Blanket Departments, business is brisk. At $2 we show a very respectable All-wool Blanket, and at $2 50 and $3 50 some very special bargains
