Manitoba School Act.

had been before the court for judgment since the May term, and it was considered advisable that judgment should sidered advisable that judgment should diet. Forgus Kennedy was the horn like a formidable man to tackle in an argument. There was in his eye the case referred to, in which the validity of the Public School Act of Manitoba was attacked, so far as it interferes with the rights and privileges of Roman Catholics in that province with respect to the education of their children. The case came before the court on applications of the court of the case came before the court on applications of the court of the case came before the court on applications of the court of the c ants and Catholics alike for the support of the public schools. His lordship read the by-law, the affidavit of the School Act there, as they had no rights nedy and a credit to the farmers of the Stobbs. The musical part of the enthe B.N.A. Act dealt with—to be affect.

The middle man was there in small lington whom and man understable the Manitoba prohibited any interference quantities. He wore his sunday best singing we have ever had the with the rights and privileges with resmile, regarding the whole proceed pleasure of listening to at any similar spect to denominational schools which ings with great disfavor. Patrons of tribute to their musical ability rulean any class of persons had "by law or industry he regards as his deadly tribute to their musical ability, when catholics had at that time a system of education in actual practice which was hard as themselves for a living. It was and their singing was much appreciated hard as themselves for a living. It was education in actual practice which was prejudicially affected by the Public Schools Act, which compelled Catholics did not feel well but could not tell ex.
