# OVERCOATS

The cold weather should make hot blooded people think about their last year's Overcoats. There it hangs where you left it last April and looks a little shabby, sure enough. Now \$10.00 is not too much for a real good coat. What we mean by "real good" is a quality that will give you the same satisfaction as a coat you would get made to order for \$18.00 or \$20.00. Now we will compare our \$18.00 Overcoat with any \$18 coat you ever wore, and give you two hundred coats to choose from.
