MILTON, FEB. 8, 1894.

THE town Council of Milton, recognizing the necessity for the enlarge. Milton Clements. ment of the seating capacity of the auditorium of the town hall and for Ed. Campbell, Florence Sheppard. has taken action in the matter. Coun. Johnson. cillor Armstrong has prepared a plan of the proposed alterations. According to the plan the building will be extended Field, M. Mignot. twenty feet to the rear. the stage, two stairways and two offices will be situated in the addition and the whole R. Moorehead. of the present auditorium will be available for seats, its capacity being in- Lena Earl. creased by about one-third. The plan

and carried out without delay.

THE following figures show the standing of the rural corps at camp at Niagara last June in the competition for the Czowski cup, the prize for general efficiency: 39th Batt., Lt.-Col. Coombs, 7838; 31th Batt., Lt.-Col. Brodie, 75 25.28; 20th Batt., Lt.-Col. Kerns, 72 1.8; 19th Batt., Lt.-Col. Carlisle, 64 1.8; 44th Batt., Lt.-Col. Morin, 46 6.7. The 20th would have won the cup by a good margin had it not been for their weakness in numbers, whereby they lost a number of points. The weakness Stewarttown, and No. 6, Acton, which son. sent only about a dozen men to camp between them. There were special reasons for the weakness of these companies which have been removed in the case of one of them and it is to be hoped will have been removed in that of the other before another camp. may be mentioned that the men both the corps which stood ahead of the 20th received an extra 25 cents pay per day from their county counwhile those of the 20th got only what the Government gave them. The offi say. cers of the 20th were thus put a great disadvantage in recruiting.

HE WILL EXPLAIN.

GEORGETOWN, Feb. 5 .- David Henderson, M. P., was in town last week, and when asked by one of his supporters about the postoffice case said that all would be satisfactorily explained when the proper time came. He further said that Miss Goodenow

would be allowed to do the work for the present at least, but of course would get only \$500 per annum. It will take him a very long time to explain to the people here just why he thought his boyish son can pull the other thousand annually without doing Both Reformers and Conservatives

are thoroughly displeased at the member's action, and his prospects for a reelection in Halton are decidedly small.
