-The Kits of European Soldiers-The

Sunday in most of the capitals of Australian provinces is not an enlivening day. Concert and theatrical entertainments are contrary to the law, hotels are rigorously closed as far as the general public is concerned, and if a publican is caught dispensing liquor he is heavily fined. S.eamers and trains are run only on suffrance, although the shops are allowed to remain open. In Melbourne, however, no shopkeeper is allowed to thy with gay and flighty fashions. She dozen of apples. Yet Melbourne is the celebrated her 60th birthday by issuing only town were concerts are held on a proclamation enjoining a general re- Sunday, and once they were high class,

has even prohibited the customary gifts trance they have retrograded in character.
