Two peculiar circumstances relating all labor, &c, would be robbed of the to Assistant District Attorney Well- difference for the benefit of the silver man, who prosecuted Mr. Wiman, miners, &c., that all gold would fly the were talked of yesterday. The first of country, and the silver of all nations these was that Mr. Wellman borrowed be dumped in this country. That is \$2,000 from Mr. Wiman about four all fallacy. Silver is down because years ago, giving notes which, as far as demand is destroyed by demonstiza. known, have never been paid. Mr. tion. If gold were demonstrized all grain. With the parent are associated M.P., of a breach of the Independence Wellman was interested in introducing round it would drop to about \$4 a some postage stamp slot machines and pound because there is enough to supply It is 25 years since such a pest has cured the \$2,000 from Mr. Wiman to the demands of the arts for 100 years, been noticed in this locality. help along the yenture. With the at the present rate of consumption, accumulated interest the debt amounted and nothing can be said against silver to 1\$2,800. The second is that when that is not equally true of gold. Free Mr. Wellman was married to Miss coinage would immediately create a Emma Juch the other day there was, demand for all available silver, reamong the wedding presents to the storing the bullion price to \$1.29 per bride, according to report, a sunburst oz. No European nation has any silver Sharpe, Charlie Prudham. of diamonds valued at \$1,800. It was bullion, and none could afford to send said yesterday that this present had their silver coin here to exchange for Foster, Mary Flynn.

A Colliery Horror, Hazleton, Pa., July 17.—Another couldn't ship her silver without dismine disaster occurred at Stockton, No. 8, to-day and in detail is the most shocking one that ever took place in the Lehigh coal fields. Two hundred sticks of giant powder exploded in the midst of a gang of about a dozen miners and not enough of their bodies was left intact whereby to recognize them. Stockton colliery is about one mile east of this city and is operated by Linderman & Skeer. The mine is but part of a series of openings that that part of a series of openings that that American coinage bill in force or proompany operates in the valley, and is posed compelling the U. S. treasury to surrounded by hamlets in which the pay gold for silver dollars, the law the New York State Constitutional miners live. On account of its isolation from the main breaker it has been customary to send the dynamite and other explosives in boxes from the top, and distribute them to the workmen to be payable in gold for this reason. The Wall St. gamblers and distribute them to the workmen to be payable for greenbacks at 35. other explosives in boxes from the top, and distribute them to the workmen at the bottom of the second shaft as the bottom of the second shaft as they appear in the morning on their way to work. Charles O'Donnell had charge of this department and it was his duty to distribute to the company, miners and starters the dynamite and caps. The first men to go down in the shalf this morning were the drivers
