Farmers' Institute Meeting.

Saturday last, when holding a public persed after the singing of the National

meeting in the town hall, Milton. About three hundred farmers and their wives assembled in the afternoom to hear addresses by the deputation sent by the department of agriculture to discuss their varied features.

The first session commenced at 1.30 p. m., with the president, Dr. Robertson, yery practical, showing that the feeding value of clover was much higher than balanced ration, but that bran would supply the element lacking. He claimed that wheat bran is cheap at \$18 per ton.
