Three bye-elections for the House of Commons were held on Tuesday, as James and Miss Maggie Wilson are cancy caused by the death of the late Dr. Horsey, Liberal; in Terrebonne, to replace Hon. Raymond Prefontaine, who was returned for two constituencies and choose to represent Maisonneuve, and in Two Mountains, where Mr. Ethier had been unseated owing to cor-

rupt practices by agents. North Grey proved that there are exceptions to the general rule that bye elections in close constituencies go to the Government, Mr. Thompson, Co servative, defeating Mr. Kennedy by a majority of about 160. In the former election Dr. Horsey's majority was 19. In the two Quebec constituencies th religious cry was raised by the Opposition candidates who declared that th Manitoba school question was not dead and made it the main issue, but the at tempt to galvanize the corpse into tailed, and both the Liberal candidates were returned. In Terrebonne Mr. Desjardine's majority was 282 and in Two Mountains that of Mr. Ethier was 175.
