The good old County of Halton. It's ard to beat, even to its mud; and best its people cannot be surpassed any. They're thriving, industrious good natured and liberal.

There's something else that's hard to beat, and that's Binge's Compound Syrup of Horehound for coughs and colds. You get a big bottle for 25c. and users say that they cannot find anything to equal it, as it not only cures the cough, but removes the cause, therein differing from other cough syrups. If you have never tried it, do so next time you have a cough.
