They would, as a several times in the course of the next ham's Vegetable Compound has saved and other disorders. They would, as a burglar had done the work. Satisfied

with this solution of the mystery, I determined to stay in my position as groom for some time longer, hoping that events might reveal more to me ing Mr. Goddard in his trouble, for truth was I had taken a strong liking to him and wished to be near him. sides. The easiest and safest approach Promptly at 10 o'clock I rattled up to the house with the team and waited for my master (I did not consider it lowering to call him that), who soon appeared on the piazza dressed with immaculate taste. His face was a trigloomy enough to drive almost any-

fle paler than I had ever seen it before, but otherwise he was unchanged. I liked the new duties assigned to me and looked forward with considerable would at least have an opportunity to study the two together. He dismounted at the front door of the Stetson house and lightly ran up the steps, taking two at a time.

was gone about fifteen minutes, during which time I studied the house and the various windows which opened upon rooms in which I must have been. Miss Stetson appeared more beautiful than ever that morning, confirming my first impression. She noticed me with a slight inclination of the head. Then the two took their seats, and I drove them down the old country road in the opposite direction from the

"For a time they remained silent, bu after we had covered a mile they began to converse in monosyllables. This in time yielded to more animated conversation, conducted in an undertone that made hearing very difficult. I have always prided myself upon my good hearing, and it is due to the acuteness of this sense that I caught any of the conversation. As they became wrapped up in their talk they unconsciously HOPE is all raised their voices a trifle. As near as I could hear the important part of their the guarantee conversation was as follows:

"I wish Dr. Squires would leave that old haunted house," Miss Stetson was when buying a saying. "It makes me feel cold and clammy every time I pass it, and what must it be to live in It all the time!" "Probably very disagreeable, especially to one of your temperament,"

"Or to one of your nature," she answered, with a rising intonation of her friended and who would in conse-"But Dr. Squires does not seem to essary. I had met such zealous man- me turn pale. An amateur might have minor troubles of babyhood and childmind it," he added, unmoved. "I have servants before, and my experience thought that all the ghosts and spirits hood. And the mother has the guaran-

vestigations so well anywhere else." "What are his studies and investigations? He is so mysterious about them that my curiosity is excited." "Ask him, and he will probably tell

"I have, but he always puts me off-Milton tells me to wait until some day when he is ready to announce his discovery to the world. Then he will tell me the

"A great bonor to you, I am sure, but I should demand to be let into the secret now." There was a little frony in his voice which no one could mistake. "Why do you not aspire to the same

honor?" she asked in sharp, piqued tones. "I understand that you are just as ignorant of his secrets as I am." "Yes, I am. I know nothing about his studies. He never lets me go beyoud his office, which is on the ground floor in front, but then there is no special reason why he should take me into his secrets."

you bring him here?" "I brought him here, but not as a on the dry leaves to sleep. There was across my mind in an instant. friend. I understood that he was no danger of being discovered in the bells to ringing had also released the State of Ohio, City of Toledo, bells to ringing had also released the skilled in certain lines, and I brought | woods, and I needed the rest and sleep | bells to ringing had also released the him here as a medical adviser. I am to prepare me for the night's work. responsible for nothing more than I It was shortly after midnight when I

opened my eyes again. Habit had made "You talk very differently from what ! it a second nature with me to awaken you did six months ago. There was at this hour, and I had no fear of overnothing too good for you to say about ; sleeping myself when I first closed my , eyes. I crawled through the underbrush toward the fence which divided
