**English Metropolis** 

At First Everything is Pleasant, but After the Place is Taken the Woes of the Tenant Begin With the Advent of the Inventory Man.

To the uninitiated American the rent of a furnished flat in London seems a very simple and remarkably inexpensive matter. Every one is extremely polite, and your path is made easy. But no sooner have you closed the door of your new quarters than you glance at the new domicile, congratulating yourself on the bargain and thinking how much more a similar ish Isles and Europe. Mr. Baker was place would cost you in New York. arrival of the man with the inventory. tains, from a four post bed to a kitch-

At first you are vastly amused over the listing of such apparently insignificant items as "a lincrusta Walton in the St. Lawrence, the only means number of screws therein, but when you have been dragged through every room, going over these-to us-absurd begun to think my case incurable when of civilization, as exemplified in the details, you plunge from rage to deo give them a trial. I am very thank- to the only occupation which present- entertainment you have paid from half ed itself at the moment a job where, a guinea (about \$2.60) upward, according to the rent of your flat.

But the real power of the inventory is only felt when you take your departure. You may be morally certain that the only damage you have done It is because Dr. Williams' Pink Pills Allan Steamship Co, where I remain- has been to break one or two teacups. tism, neuralgia, headaches and back by the Fenians and the trial of the murmur. You may be sure of this, but presently you will receive a bill all neatly written out and covering several pages of foolscap and entitled

"Dilapidations." You will find that in every room the walls have been "chipped," the enamel period of the year. At that time, 1862 monogram on a napkin ring "scratched," several saucepans "damaged." I was there when it finished, at the knife bandle "bent," a number of plates "cracked," and so on. I am quoting from a list of "dllapidations" presented to friends of mine who had and occupied a flat for two months, during others, and had the good fortune to which time, after strenuous cleaning hear Charles Dickens give his last | efforts, they left the premises in much readings in America. I have reason better condition than when they went in. The bill amounted to £1 18s. 9d roughly about \$9.68.

Here there is no such fact recog-Lord Monck, to avoid the conscrip- nized as ordinary wear and tear on a For the lease, which is here called "agreement," you have to pay from 10 In 1870 he returned to Canada and shillings up to 3 guineas and more, acbecame superintendent's clerk on the cording to rent. Then the government stamp affixed thereto, without which the document is not legal, costs you

from half a crown (62 cents) to a guinea erintendent, with the result already! You may have taken your flat by "the month," but when your agree ment is sent you find out it is for every four weeks! You will probably phone the agent calling his attention to the error, and be will inform you it is cor-

In renting an unfurnished flat, the just steps out of his window, which shortest term for which is three years you discover that the electric light fix tures are not included in the rental Protest unavailing, you buy them yourself and pay for their installation You must rent also your own gas cook It so happens that the people who ing stove. You fancy the fenders for the fireplaces must have been overlooked, but not so; you must buy them yourself! As you have been so accustomed to a continuous supply of bot water, it never occurred to you to inquire into the subject. You find you can obtain it only by keeping a con-

tinuous fire in your kitchen range. As the penetrating, clamniv on years old, a good one, it good breedhorror of an English winter draws you begin to appreciate what it means to be minus steam heat. Your only defense are the coal fires, romantic in story, but totally inadequate to defy this marrow reaching, damp cold of Loudon. Bathroom and halls remain at arctic temperature, for the grate tires do not radiate beyond a few feet, so similary you may sit close and burn or retire to a corner and freeze.

After having learned through pain ful experience the futility of struggle against English ways and methods to is amusing to watch the explosive American, who in hotel office at rah way station and on stenushins he forth as to the various things be not submit to. He is usually listened to with a certain exasperating defer ence at which the British underling is about an hour after accident. Her little promenade All he wants is more a past master. But nothing is changed. and be has to submit, and the sooner the lesson is learned the more comfortable be will be.

warranted by the facts, and must be Just a few things we The imperetrable stolidity of the average Briton is not to be disturbed and the longer one remains in this country the more definitely one learns friends. She had also visited in Milton of Spadina and Bloor he folded his that the English people have a pretty with her sister-in-law, Mrs. Bert Han- paper and got off the car via the front substantial idea of commercialism and fortunate man, who had been doing his.
