warm their drink with a live coal."

while the very poor are content to

Never has the genera outlook for trotting and pacing been as bright as is this year. More good horses are in training and there is more enthusiasm among the owners and drivers, so that when the bell rings those who enjoy the sport of the sulky will have a chance t see some exceptional contests. The season of high class racing lasts three months and while more than a dozen tracks will conduct this kind of sport during that time there will be nomeeting so freely talked about as De troit's famous Blue Ribbon, the leader seld during the first week in August, from the first to the fifth, this change rendering it possible for the driving lub to stage a series of futurity (colt) races that are valued at almost \$20,000. While this innovation is something hat will attract breeders from all parts of the country it does not mean that an part of the regular program is being

the most interesting renewals of these There has been much activity at the state fair grounds where the Detroit meetings are held. Trainers have been arriving since early in April and their horses are well advanced. Gus Macey. who won the M. & M. with Spanish Queen, is on hand with another for this year's stake, and a stable of very fast trotters and pacers. W. L. Snow has among his twenty-five head the mare Darkey Hal, and Dan McEwen is there with The Eel. Each of these pacers has a record of 2.021, and they are the fastest by record that will race this year, I They never have met in a race but wil Blue Ribbon meeting, which will be but
