# cial Circles as Yet.

(From our Own Correspondent.) Montreal, Feb. 27th. - It seems no procity dogs our every footstep, stares) to bed. In fact we are lucky if we do not dream about it. The papers are ) full of it, public bodies are passing it. Tiresome as the naval discussion) was many would welcome it back if it i would rid us of the present talk, talk,

The somewhat ironical motto: "All) this too will pass way" confronts the visitor to the office of a famous police official in this city. It carries very little comfort to the criminal who stands on the brink of a long seperation from society behind the grated men and police enactments from the chance stands in the shadow of the alike of Church and State the arm of The Bridegroom Was Excited-Some gallows, but it spells splendid signi- the policeman falls heavily on the ance to the man who is compelled to shoulders of the citizen. It is the polisten while the politicians rage and liceman who enforces-and that with other about the evils or the benefits which the law permits the Churches to fellow, was about to get married, and when one of the horses commenced to which are such to fellow, was about to get married, and when one of the horses commenced to which are such to fellow, was about to get married, and when one of the horses commenced to which are sure to follow in the foot- lay on their nominal members. If a he called on a clergyman to arrange stant the pair would have bolted. Like | o. steps of the enactment now on the man secedes from the Church he must all the difficulties he thought were a flash, however, General Hunter

AN EXTENSIVE PROPAGANDA. and can make their feelings known in very short order throughout the length) and breadth of the land. They are a strongly against Reciprocity. They have thrown the full weight of their powerful organizations into the battle. against the international agreement. Money is no object and there is very little doubt that a lavish fund is at the disposal of those who are making the welkin ring. The vast majority of the people have no organization and an very little heard from.

NO SIGNS OF DISTURBANCE. ever in danger the stock market has a p changes are not slow to discount untayorable conditions and long before they absolute discretion dissolve Me meet materialize and long before the gen ling. His word is taeral public realizes what is going to happen a decline in values sets in. 1. justice to the Reciprocity agreement it must be stated that the stock man ket has as yet shown no sign- of diturbance. On the other hand it has not even interrupted the bull move ment which has been in progress for

the Empire.

THE EAST AND WEST For one reason or another people the east have an idea that the west is men whole, very much in favor o peciprocity, and it was with a technic of pride and no little astomsimes. that manufacturers and others rea the sentiments expressed by Pa-Burns, the Calgary Cattle Iving, or the subject. Mr. Burne, as is we known, is probably the biggest man i. many ways the west has produced. He is the owner of thousands of hearof cattle, of large packing plants : Calgary and Vancouver, and is an extensive trader in sheep, swine, peadley butter, eggs and kindred product. Canada, god in Western Canada . like seventy-six distributing houses. and retail stores, he deserves the name. Mr. Burns says reciprocity. "not dangerous" to his husiness, but a he goes further and says that, to mut-

ter what its effect, he would be my favor of a pact which would benefit the whole country and not of one which might bring a few temporars dollars to a certain class. Mr. Burns spoke like a patriot and be bas many a follower in the west. BRITAIN AND RECTPROCITY.

The fear has been expressed in many well informed quarters that, d reciprocity agreement goes through. Canada will be cut off like an erro son from England's bounty. English money has been coming into country for investment in bandfor lately, much to the advantage of the Dominion. Should the agreemen pass England will draw her purstrings. C. H. Cahan, K.C., President, of Corporation Agencies Limited, has been in England for the past two been awaited with interest by the banking community here. Mr. Cahar says there is a great deal of talk through it will be far more diffic. for Canadian Government and much cipalities and other undertakings to boused in a home for aged men. procure financial assistance in Eng i land, but that his own feelings are that so long as Canada maintains its) present prosperous condition it will; not be difficult to find in England purchases for good Canadian securities, although it may be necessary for some time to come to pay higher takes of, interest for our borrowed money. sist in the reorganization of the fin , ances of good Canadian undertakings.

at the appointed time except this Macqueen. At length he leisurely put in an appearance. He was soundly rated Ten additional charges have been by his chief for his laziness, but at laid against M. T. The stick is then withdrawn | from the rubber, which is quite ready for the market.

### A SALMON'S LEAP

the Waterline

A curious thing happened at Dunfallandy, Pitlochry, during the night' recently. The Tummel was in high!" [flood, and Mr. Stewart Fergusson's] oversman went down early in the morning to see to the safety of one of the boats, riding in the river at the!" end of a long rope, and about 15 feet' from the bank. There had been a lot of rain during the night, and the boat! had about nine to ten inches of water in her, in the middle of which floated' a fine, almost clean, calmon of about' 20 lbs. It was still alive, though much exhausted, as the water had become quite deoxygenized. It had leaped into the boat during the night. The sides of the boat are quite 15 inches above the water line. The salmon soon revived and swam away, after being put into some clean water.
