The great feat performed by Protessor Woolridge at the London Zoo setting the fractured jaws of the famous nine-yards-long python is a reminder of the remarkable progress made in operating upon animals. There are now quite a number of pet dogs and cats with artificial eyes and

legs; and a short time ago a cat, haying swallowed a small hatpin, was placed under the X-rays, and, the pin ; drank a glass of wine to the health of CARLS and PAS HY having been located, was soon skilyears ago removed the kidney of a log and sewed it in the same animal's neck; and later he sewed the kidney of a dog in the body of another canine. The experiement was quite success-Perhaps the greatest dental opera-

stion on record was performed upon an elephant in the city of Mexco. The faching tooth was 12 in. long and 14 in. In diameter at the root. After the animal had been securely fastened with chains, his mouth was prized open, and a quantity of cocaine applied to deaden the pain. When this was done. A hole was bored through the tooth. and an iron bar inserted. Then a rope was twisted around the bar, and four horses were attached thereto to drag the offending molar out.

WILD DUCK PLENTIFUL

Large Quantities in England and the

Wild duck, which have entirely! avoided many inland spots where ew are usually seen at this season, have appeared in very great quantities! along some of their seaside haunts, especially on the east coasts of Eng. land and the north of Ireland. The pursuers of the strange sport of punt gunning have had remarkable experiences. Slipping along in their punts at dawn they have come upon

flocks so great that a single shot from the great swivel gun, which is almost a cannon, has bagged more than the longshore sportsman could get in week. Fifty and sixty have been killed at a shot, though the manoeuvres of the shot may have taken a week or so. Numbers of duck again have been

killed in the more formal, artificial shoots of Lincolnshire, Bedfordshire and other places where the birds are now bred almost as scientifically as Dheasant
