this work, and they have stimulated

Taught to Wash Remedial measures are varied and interesting. Seventy authorities have sanctioned expenditure on spectacles for scholars. Last year \$5,000 was spent under this head. At Bradford there are evening classes for mothers with their babies, conducted by trained nurses. In a number of schools there are regular toothbrush drills, each child being provided with a mug, toothbrush and tooth powder. At one school, as the result of the cleansing reform the number of scholars wearing collars, originally only five per cent., was increased to eighty per cent., and this without compul-

At Wolverhampton children are taught to wash themselves, to care for their hands and nails, to brush their hair, to mend their clothes, to wash dirty pinafores, to eat nicely and | daintily. An elaborate scheme of "mothercraft" teaching is carried ou! n Tottenham school, the course including the washing and dressing of for presents, or give any other a baby doll, preparing and cleaning bottles, cutting out and making clothes, mending and darning, first aid, metal polishing and other bome. life matters. The girls are shown how E. MARCHAND a banana crate can be converted into an excellent baby's cot. An immense number of mcals were

provided during the year for necessitous children. In London the num r increased from 7,300,000 to 9,100, Outside London no fewer than .,734,242 meals were provided. This (was, however, less than in the previous year.—Lloyd's Weekly,

GREAT YEAR FOR BRUNETTES

Blondes do Not Show to Advantage in Season's Modes, At a recent syle show held in Wash.

ington under the patronage of a committee of society women the living models chosen were girls with brown hair and brown eyes. No matter how beautiful a girl of the blonde type might be, she did not have a chance being chosen for the show. The blonde girl is not admired this season, for she does not bring out the good points of the new "creations" and "dreams" launched by the Paris dress. makers for the winter season. Poiret, the most daring of the Paris dress artists, still clings to the orien tal in his latest models. He has finally acknowledged his "jupe panta-

lon" or Turkish trouser skirt to be a failure, but the wonderful vivid coloring of the orient still holds his attention, and in some of his startling new afternoon and evening frocks he has greens-color schemes which would be Jurid and terrible except when comd bined with the master band of Poiret and worn by a woman of the The fair beauty of a blonde model is eclipsed when she done one of these

frocks with its vivid color notes. She is not the woman to set it on to best advantage, so an olive skinned. moned-eyed beauty is chosen in her Disce. It is said there will be me flaxen haired models employed at any of the big style shows beld in this Mr. and Mrs. Eldridge Stanton, of

or barrel before judging

PURITY FLOUR OME people have attempted to judge PIR-ITY FLOUR before knowing the facts about it-before using it. So we ask you to be fair and to buy a sack or barrel of PURITY

FLOUR and give it a thorough try-out before attempting to arrive at a judgment Look at the beauty and

loftiness of the goldencrusted, snowy-crumbed loaves, fit for a king Count them and see how many more of them PUR-ITY yields to the barrel than ordinary flour does.

PURITY FLOUR

Taste the creamy, flak, pie crust, and the deliciously light cakes PURITY FLOUR rewards you with. Mv! How they make yourmouth water!

19 Such high-class results can only be obtained when using a flour consisting exclusively of the high-grade portions of the best Western hard wheat.

And remember, that, on account of its extra strength and extra quality, PURITY FLOUR

requires more water when making bread and were shortening when making pastry, than you are accustomed to use with ordinary flour.

Buy a bag or barrel of PURITY FLOUR Test it for a week. Then pass judgment. AddPURITY FLOUR to the grocery list right now.
