### BOWLING.

For the second time this season skip R. S. Fleming and Dr. M. E. Gowland have figured as winners of the second prize in an important bowling tournament. At Toronto, on Aug. 5th, their rink, composed of C. R. Turner, J. W. Blain, and themselves, won the Royal Reserve Trophy and a set of Nippon china each in the York Tournament. Last Saturday, in the fourteenth annual tournament of the Globe Scotch Doubles, they were beaten by one shot in the finals and got, as prizes, two pairs of bowls each, worth \$20 a pair, the winners also getting bowls, with a club bag each in addition. The following is from tho Globe's report:

The final between Allen, London Thistles, and Fleming, Milton, was fifty-fifty practically all the way, both in class of play and score. Just once was there a semblance of luck, when Fleming made a carom shot, lifting out first and second shots of Allen and counting four. There was no count in appearance of the American naval one end, a bowl of each side resting on ship Cyclops, which vanished a year the jack when the end was finished. | ago, in the Carribbean Sea, with a The climax of a game of bowls which complement of 295 men, the suggeswas a treat to watch, was Allen's sention is put forward that it was pulled sational play with his last bowl in the to the bottom of the sea by giant ast end when, by making a wide draw, made necessary by the jack having been run over the back line of the ditch and wild story. Monster cuttlefish abound near to the eastern boundary of the in the southern seas. They range green, he lay shot, his bowl being two- from nine to eighteen feet in length, thirds over the inside line of the ditch with arms or tentacles twenty to and almost opposite the jack. The op- thirty feet long, and one to two feet ponents' nearest bowl, a toucher. Gow- in circumference. The power of these land having carried the jack over the monsters when aroused-for by naditch, was about fifteen inches to the ture they are timid and act on the west of the jack, or hardly three inches defensive - is extraordinary, and farther from it than Allen's. The score at the start of the last end was a tie. and Allen's remarkable shot won the 1919 tournament of The Globe Scotch Donbles for himself and F. L. Willgoose. Willgoose, who is comparatively a new bowler, played a splendid game throughout the series, and was a decided factor in bringing about the desired tacked by several of these monsters result. The pair were apparently as cool simultaneously and wrecked or dragand unconcerned at the last end as at the start of the tourney, but in this regard they had "nothing on" Gowland with their powerful tentacles, picking and Fleming. The latter pair could not have eaten a meal with less apparent unconcern, and for a display of sports manship could not be beaten. They self to any definite statement, a famwere just as genuinely pleased at Allen's spectacular shot as the most disinter

ested spectator. duties of official umpire on the Victoria lawn throughout the tourney, at the request of The Globe, presented the prizes. He complimented the bowlers who had won through, and The Globe for affording the opportunity. He con- the queerest ship mascot he ever saw sidered The Globe Scotch Doubles the was a full-sized boa constructor top-notch in bowldom, and he felt it a H. M. S. Valiant, one of the dreadprivilege to be on speaking terms with noughts of the British Grand Fleetbowlers competent to win seven long enough, he says, to use for a straights. He had closely watched the homeward-bound pennant, if slightly work of the winners and the ronners up. Hattened out. and he felt that in bowling ability they were separated by as narrow a margin as were the winning and losing howls in the last end of the last game. Another of an argument?" "Is she? Why, half turn of Allen's bowl and the first that woman is so fond of an argu- red and white cow 3 vis, bred Aug 10, prizes would have gone to Fleming and ment she won't even eat anything 2 yeal calves. 3 heifers (spring calves). partner. Mr. Fleming expressed the gratitude

of Dr. Gowland and himself to The Globe for the opportunity given them to FREQUENT HEADACHES compete in a doubles tourney, and also to bowlers with whom he had played in the contest just concluded. They would A return to their own firesides feeling that the time given up to the game had been well spent.

A Milton rink of ladies, skipped by Miss Campbell, has been playing in a tournament at Toronto this week. In the Trophy competion it lost by only one shot to Mrs. Collet, Lawrence Park, winner of the second prize. the consolation they were down two shots to Mrs. Lawson, Georgetown.

WHAT EACH QUESTION MEANS AND WHY YOU SHOULD VOTE "YES." ON ALL FOUR **OUESTIONS** 

1. Are you in favor of the repeal of The Ontario Temperance Act?

The repeal of The Ontario Temperance Act does not mean a return to the general sale of spirituo liquors, as the Premier, in his speech of April 7th, said: "NOW, practically no one suggests a return to old conditions. The distillers in a recent manifesto say that they themselves are opposed to Many hotel-keepers say they are opposed to it. The brewers say they are opposed to it. Honou able gentlemen in the House and people out of the House, who are opposed to the present Act, s/ they are equally opposed to the old order. The labor men who ask for stronger beer, say the don't want the sale of hard liquor."

The Premier and the Government, realizing this, would not be parties to a continuance of the get eral sale of spirits as under the old license system, but would amend the License Act in accord with public sentiment. This would be in keeping with the policy of the Provincial Governments of past fourteen years, which have from time to time amended the License Act to conform to wishes of the people. To vote "Yes" to question number one would enable the Government to pr vide for the sale of beer and light wine in the hotels, and beer and spirits in Government stores for home consumption.

The Citizens' Liberty League does not want a return to the conditions under the old License Ad and the sale of liquor over the bar. It does ask, however, for the general sale of beer 2.51 alcohol by weight (non-intoxicating) and light wines, and that the Government should only allow the sale of heavier beers and liquors through agencies established and maintained under Government super vision and control. It is, therefore, necessary that question one should be answered "Yes," repeal ing The Ontario Temperance Act and making it possible for the Government to enact a new temperance measure in accord with the expressed will of the people.

By voting "Yes" on question number one you will be in agreement with Premier Hearst when he "Many good and conscientious citizens, as good and conscientious as there are in the Province, do not approve of the Act as it stands today." Vote "Yes" on question number one and repeal the unsatisfactory Ontario Temperance Act.

25. Are you in favor of the sale of light beer containing not more than 2.51/100% alcohol weight measure through Government agencies, and amendments to The Ontario Temperance Act to permit such sale? Vote "Yes" on question number two. This provides for the sale of light beer in Government stores for home consumption and removes the necessity of procuring a doctor's certificate.

3. Are you in favor of the sale of light beer containing not more than 2.51/100% alcohol weight measure in standard hotels in local municipalities that by majority vete favor such sale, and amendments to The Ontario Temperance Act to permit such sale? Vote "Yes" on question number three. There can be little doubt that the majority of people will

vote "Yes" on this question. There is a demand for a beer of good flavor and body that is nonintoxicating, and the public want to obtain it by the glass as well as by the bottle, A beer of 2.51% alcohol by weight, no matter in what quantities consumed, is absolutely nonintoxicating. In European countries beer of this strength is sold generally without license and In voting "Yes" on questions two and three you can be assured that no one can become intoxicated

Vote "Yes" on question number four, which provides for the sale of all liquors for home consumption from Government stores under such regulations as the Government may deem it wise to adopt. The public will be able to purchase from these stores without procuring a doctor's certificate.

Study the Referendum Ballot; if there is any point not clear, call or write the Secretary of the League at Committee Headquarters. It is to your interest that you vote wisely and intelligently. And if you are a lover of liberty and an advocate of true temperance, you will vote "YES" on all questions on the Referendum Ballot.

The Citizens' Liberty League is not in favor of the sale of spirits over the bar as under the old License Law. It is however, in favor of the general sale of non-intoxicating beer of 2.51% alcohol by weight and light wines, and the sale of liquor for home consumption through Government stores under such restrictions as the Government may deem wise to adopt.

demember—every veter must vote on every question, or his ballot will be spoiled.
