Merry Christmas

"Merry Christmas?" How we would like to say it to you in person, but we can not. These printed words must take the place of the cheery spoken greeting. Christmas is the season when we are closest to friends, for with each remembrance we receive or send come thoughts that form a veritable web of memories and good wishes which enmeshes you and I and your friends, and and my friends, and our friends' friends, until the whole world is one in the joy of the Christmas season.

With best wishes for your happiness and prosperity through the next year and all the other years of your life, again we say : "Merry Christmas !"

On Tuesday the county council unanimously passed a resolution recommending the appointment of J. W. Elliott, K. C., by the Minister of Justice, as Judge for Halton. A copy of the resolution, signed by every member of the council, has been forwarded to the Minster. A ppointments of local lawyers as county judges are very unusual, and the rule against them is a good one, but should the Government make an exception is this case approval will be general throughout Halton. Mr. Elliott is popular with its residents generally, irrespective of politics, and has made a good record as Deputy Judge.
