ing amateur sport and give the youn people a reasonable amount of time n which to make themselves proficient in the particular sport in which they desire to engage. If the farm work has to be stopped one or two nights a week a half an hour or an hour earlier in order that the chores may be done in time to get to the ball field, it will in the end mean a very small loss; in fact, it generally proves a gain, as interested boys are much better workers than those who look upon their daily operations as drudgery with no play thrown in. The eld adage, 'All work and no play makes . so poorly that my folks thought I was Jack a dull boy,' will never wear going into consumption. One day I threadbare. It is just as true to-day as it ever was, and we believe that It said 'Saved from the Grave,' and parents and the older folks generally should take an interest in the sports of the young people. There is a grea means of developing not only good physique but first class mental train. ing in meeting opponents on a common ground fairly and squarely, and power to win on a fair basis a game of football, baseball or lacrosse. Many to experiences on the diamond or grid iron. There is plenty of land in the country to provide athletic fields, and there should be sufficient interest

well and strong." - Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich. Not Well Enough to Work. In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which women are prone, and that is Lydia E with the best possble pastimes which Pinkham's Vegetable Compound. promotes that vigor which makes work amateur sport offers, and where the easy. The Lydia E. Pinkham Medicine people know the players, take an interest in the teams, and everything is done on a square and fair basis

MILTON, ONT.

THIS LETTER FROM MR. GEO. W. BURT. of Redford, Wayne County, Michigan, shows how well satisfied the farmers of that section are with crete roads. Nearly one hundred miles have been in Wayne County.

"Mr. Edward N. Hines, Board of County Road Commissioners, Wayne County, Detroit, Mich Dear Sir: -

Our concrete roads are far ahead of the expectations of the majority of us farmers. Where we used to be two days marketing fifty bushels of produce, we now market twice as much in the day, and can go to the city anytime we want to We do not have to wait till the roads are good so we can go. Also, our horses and wage is will last twice as long. Hoping you will keep right on buildens

these roads, and that the county will stand lack of this movement, I remain, Yours truly.

Best, because they permit bigger loads, increase land values as in

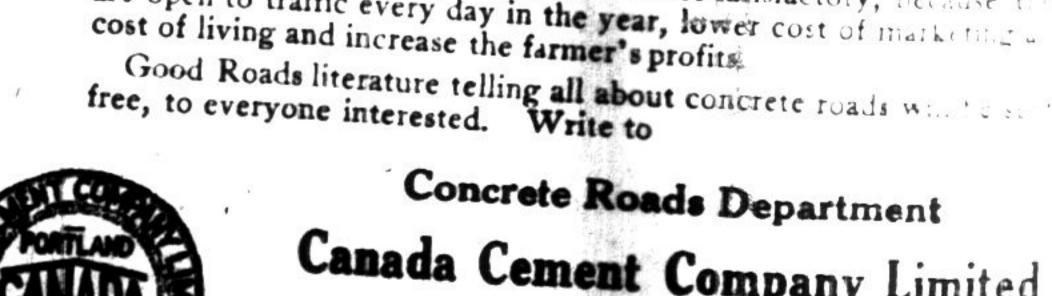

prove conditions generally. Cheapest, because they are primare

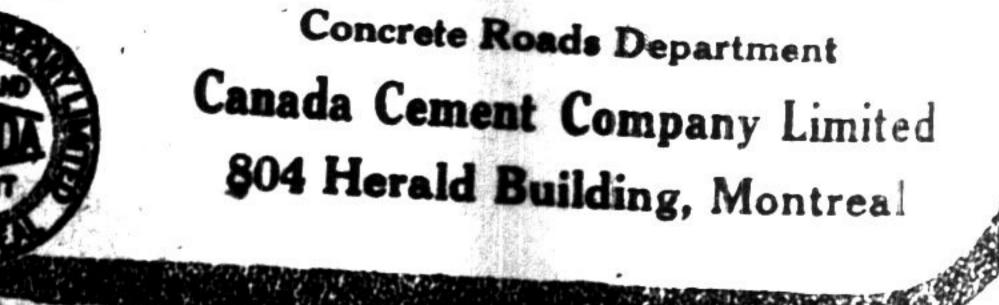

and require practically no repairs, which permits road taxes to

spent in building more good roads. Most satisfactory, because the

are open to traffic every day in the year, lower cost of marketing a
