"Skeets" Martin, the American joc- In summing up the tractor's case key. The rumor is that the colt has as a business proposition we must wintered well and has shaken off the consider the following points:disposition to have his own way, a trait which marked his running as a work more cheaply than horses can two-year-old. In appearance he is a do it, if the work is properly arrangdappled grey of great bone and quality, and as he is close to seventeen hands, is endowed with ability to cover the ground in marvelous fashion. Up to the middle of July Sarchedon was rated as the best two-yearold in England, but his star was dimmed by Tetratema, a half brother and another grey, both being by The Tetrarch. Sarchedon was bought by Buchanan when a yearling for the portion of the tractor's usefulness. In mare named Perfect Peach, by Persimmon, so that as far as breeding goes the Clarehaven candidate leaves nothing to be desired. On his first appearance Sarchedon won three races straight off the reel,

showing wonderful style as a mover, but he had acquired a knack of swerving, which even such a veteran pilot as Martin was not able to master. His last win was in the July stakes at Newmarket, worth \$13,510. and he was so well fancied that he went to the post as odds-on favorite at 2 to 1. Although he did not run his true course the colt won rather easily from such a good one as He Goes and a previous winner. Like most self-made men the story be complete, without a dash of ro-

of the new baronet's life would not mance. Some years ago when he was knocking elbows with the aristocracy, and was still a bachelor, he ran against a smart gentleman who dealt in the business of securing wives of the upper crust for wealthy commoners and vice versa. Foremost on the Col. 8:12-14. list of the matchmaker was a lady with the bluest blood in her veins, other. but she was willing to mate with a husband of the ordinary class, provided he possessed the necessary amount of cash to support her crest and family traditions in their accustomed grandeur. Sir James was the natural mark, but to the surprise of the bargain hunter he would not countenance an introduction, much less to submit to a matrimonia alliance. Sir H. Cunliffe Owen owns enor-
