This Dunlop Process Has at One Sweep Added 20% More Mileage to Fabric Tires

Means BIG Mileage

Here's What Private Car Owners Say:-

"The set of Dunlop Cord Tires, 36 x 4%-two Traction and two Ribbed-have given entire satisfaction. I have run them continuously on my Cadillac car, and have taken a trip from Winnipeg to Toronto and return, and they have now covered in the neighborhood of 20,000 miles and are still in good shape."-A. C. Turner, Winnipeg, Man.

Traction Treads on both my big seven-passenger Steam "White" cars, and on my National and Fiat Gasoline cars, and must say I've done some fearful travelling, over 18,000 miles, and no rim cuts so far, and I believe they'll go 18,000 miles more." M. Lenning, Esk Bank, Sask.

Daniep Cord Tires on my car, which have gone appreximately 22,000 miles, and I may state that I am just putting on four more 32 x 31/9 (Straight Wall) Cord Tires of your make."—A. J. Barr, Ottawa, Out.

Here's What Truck Owners

miles. They are still in good condition. Heing perfectly satisfied with the service received from Dunlops, all my cars are now equipped with Dunlop Cords."—
Forbes the Mover, Hamilton, Ont.

Dunlop Tires, Both Cord and Fabric Construction, are Giving Phenomenal Results.

Big Tire Mileage is here to stay. Just as we predicted in 1912 that the Anti-Skid Tire would become standard, so we now predict that Big Tire Mileage will be among the things every motorist will consistently expect from now on.

The tire manufacturer who has to apologize for "short life" in his product will be automatically eliminated. Cord Tire construction made possible the coming of a tire that refuses to quit until many thousands of miles have been clicked off. The Cord Tire is now universally accepted as the master choice.

And Dunlop Cord Tire is now the most popular. "Dunlop" is at top form, but don't forget that while we are turning out Cord Tires --- "Traction" or "Ribbed" --- which seem almost uncanny in their ruggedness, that a great number of motorists still use Fabric Tires. These motorists wanted more mileage than Fabric Tires were usually expected to give. That set us thinking. We wondered why certain Cord Tire principles could not be applied to Fabric Tires.

We experimented and were amazed at the find. It was that we could at one sweep add 20% more mileage to Dunlop Fabric Tires and make them last longer than Fabric Tires were ever known to last. Result: Dunlop "Cord"-built Fabric Tires are giving some other makes of Cord Tires a run for their money at, of course, much lower first costs.

Dunlop Cord Tires are outdistancing any other Cord Tire made, no matter at what price the tire sells. The stories told here prove all we claim. We have hundreds more like them. Note the remarkable distances covered and the splendid average for all parts of

Dunlop Tire & Rubber Goods Co., Limited Head Office and Factories: Toronto. Branches in Leading Cities.

DUNLOP Double-Life, High-Mileage Cord and Fabric Tires

SAVE YOU MONEY.

Here's What Dealers

ng the past season we have used sets of Dunlop Fabric and Cord Tires as equipment on our cars. Our ex-perience has been extremely satisfactory. There have been no complaints from any source. On the other hand, our customers frequently remarked on the fine results and big mileage obtained from Dunlop Tires. We are expecting to use greater scale during the coming season."

The Crompton Car Company, Limited.

"We have found the Duniop Cords giving wonderful service and running up fine mileage records, especially on care subject to overloading and hard usage. We have many satisfied customers who will use nothing but Duniop Traction of Ribbed Cord Tires."—R. E. McMorran, Victoria, B.C.

Dunlop Traction Treads to all our eus-tomers, as both we and they honestly believe that no other tire on the market is giving like service and mileage. Adjustments asked for during the past eighteen months have been practically nil, while the mileage has been exceptionally high for this part of the country. We have tried them out against opposition makes and the result has always been in favor of 'Dunlop.'"—Hargett's Motors, Limited, Mission City, B.C.

Here's What Livery and Bus-line People Say:___

Dunlop Ribbed Cord Tire that we have just taken off a Dodge Touring Car, having run over 23,341 miles, according to our records. We consider this a mighty fine record, and, in fact, is better service than we have been able to secure from any other make of tire."—Empress Auto and Taxi Co., Victoria, B.C.

Canada on all makes of cars.
