Amputation

Mr. Wm. Edwards of Peter St., Toronto, says:— "As the result of an injury I had my hand in a sling for months. The pain was terrible, and poison, swelling and in-

lammation was extending

right up the arm. The Doctors suggested amputation, but a friend got me to first bry Zam-Buk. This soon purified the bad place and made it healthy looking. As I continued with Zam-Buk the wound was rid of all impurity then thoroughly healed."
